2 Top Labor Chiefs at Odds

Reuther-Meany Rift Appears Developing

BAL HARBOUR, Fla. (AP)—A last-broadening rift appeared to be developing today between two of organized labor's top leaders—AFL-CIO President George Meany and Auto Workers chief Walter Reuther.

It has been no secret the two men haven't gotten along particularly well for some time. Now they've taken to exchanging potshots publicly.

Meany told reporters over the weekend that Reuther, head of the old CIO until Meany got the top job of the merged labor movement six years ago, is chief among union leaders who have been negligent in organizing activities.

Reuther retorted today through a spokesman for his union that Meany's criticism was untrue and intended merely to cover up failure of the AFL-CIO itself to engage in new member recruitment.

The spokesman also said the Auto Workers Union has substantially organized its jurisdiction, except in the white collar field. The Reuther spokesman flatly denied an assertion by Meany that Reuther has sharply cut down his organizing staff. The spokesman said there had been no staff reduction since the 1958 recession era.

More sparring between the two union leaders seems sure to develop at the AFL-CIO convention opening here Thursday.

Meany had a problem on his hands in another sector. James R. Hoffa's Teamsters Union also is holding an executive board meeting at nearby Miami Beach. Hoffa is taking advantage of the situation to call in AFL-CIO friends in an effort to get the Teamsters back into the federation.

Hoffa flatly predicted that an end of the four-year-old Teamsters exile is inevitable. His chances seem slim during the current union meetings, but Hoffa said he was encouraged by a conditional reaffiliation bid voted by the AFL-CIO building trades unions last week.

Meany was said to have written the resolution himself, and in such a way that Hoffa would have to quit as Teamsters president before his union could be considered for readmission.

2 More Councilmen Sentenced to Prison

WARREN, Ohio (AP)—Two former Warren councilmen were sentenced today to 1-10 years each in prison on bribery charges.

Jack G. Flak, 53, and John Janosik, 42, had pleaded guilty to charges of soliciting bribes from contractors on a \$4.5 million sewer project.

Earlier former councilman Raymond J. Little, 49, had been sentenced to a similar term by Common Pleas Judge G. H. Birrell.

Reds Shrink Size Of Berlin Gates

BERLIN (AP)—Working through the night under floodlights, 2,500 East German workers narrowed the seven crossing points between West and East Berlin today and strengthened the adjacent sections of the Berlin wall with more concrete.

The U.S. command rushed up a platoon of 30 battle-dressed infantrymen as a show of force at the Friedrichstrasse checkpoint in the American sector, the crossing designated by the Communists for Allied personnel and other foreigners.

With a bazooka and two machine guns set up behind sandbags, the American soldiers faced several hundred men of the East German people's army, also in battle dress with machine guns.

The British increased their patrol on their short stretch of border near the Brandenburg Gate, and French officers were reported observing the activity along the border of their sector.

The formidable new walls were about seven feet high and five feet thick. Tank barriers of steel hedgehogs were cemented into the ground.

Only small passages for traffic, about eight feet wide for vehicles and two to three feet for pedestrians, were left open.

The East Germans said they were strengthening the wall to protect East Berlin from any ill-considered Western action. The Interior Ministry added that it was East Germany's reply to U.S. troop movements on the 100-mile autobahn linking West Berlin with the free world.

Maj. Gen. Albert Watson II, the U.S. commandant in West Berlin, rushed a written protest to his Soviet counterpart, Col. Andrei I. Solov'yev.

Watson called the new East German action an illegal violation of the four-power occupation agreements on Berlin and demanded Soviet assurances that there would be no interference with Allied and civilian traffic between the U.S. sector and East Berlin. Watson called the East German explanation "an obviously ridiculous justification."

West, Soviet OK New Pact For Laos Area

GENEVA (AP)—The Western powers and the Soviet Bloc concluded a far-reaching agreement today on how to maintain the peace and neutrality of Laos.

The six-point agreement was adopted at a closed session of the 14-nation Laos peace conference. It will become operative when the neutrality treaty now being drafted by the conference is completed.

Some important obstacles remain to be overcome, particularly the integration of the hostile Laotian military forces. But today's agreement marked the most substantial step forward yet taken by the conference and was hailed by Western and Communist delegates alike.

The agreement names Britain and the Soviet Union as joint, permanent guardians of Laotian neutrality.

The British and Soviet delegates are the co-chairmen of the 6½-month-old conference. Under the new agreement, their governments are to consult each other and decide what action to take whenever the peace or neutrality of Laos is threatened.

The agreement also gives the Soviet bloc a veto over all major decisions of the three-nation control commission for Laos. The commission, made up of Canada, India and Poland, is to supervise observance of the cease-fire and Laotian neutrality.

The agreement stipulates that formal recommendations of the commission can only be made by unanimous vote, but situation reports and other minor decisions can be approved by majority votes.

U.S. White Paper Due On Viet Nam Situation

WASHINGTON (AP)—W. Averell Harriman says the United States will issue within a few days a white paper that "will give irrefutable evidence of the actions of North Viet Nam against South Viet Nam."

half a hundred uniformed Air Force reserve officers from Washington on a two-hour tour of East Berlin. Among them were Sens. Barry Goldwater, R-Ariz., and Howard Cannon, D-Nev., both one-star reserve generals.

A group of off-duty Soviet soldiers on the street spotted the buses, broke into smiles and exchanged waves.

One member of the group, Sen. Jack Miller, R-Iowa, was driven across into East Berlin separately in civilian clothes and was stopped by the East German people's police. Miller said he showed his Senate identification card and the checkpoint officer passed him through with a smile, thanks and a salute.

Reds Threaten More A-Tests

U.S. Announces Another Blast

MOSCOW (AP)—The Russians tried again Sunday night to put the blame on the West for continuance of nuclear weapon tests.

The Soviet government declared that unless the Western powers stop all nuclear weapons tests—including underground explosions that don't produce radioactive fallout—it will resume "such nuclear tests as it deems necessary for the consolidation of its defense capacity."

A few hours after the Moscow warning the United States announced it had set off a low-yield underground nuclear blast Sunday and is preparing to go ahead with another test next Sunday.

"Our announced policy is to test and talk," a State Department spokesman said in Washington.

The Russians, who broke a three-year moratorium on nuclear testing Sept. 1 for a series of big to gigantic nuclear explosions in the atmosphere, said the time has come now "for the early achievement of an agreement which would rid the peoples of experimental weapon blasts."

The Soviet call for an end to testing made no mention of supervising any new moratorium as demanded by the Western powers.

Tass, the Soviet news agency, distributed the Soviet statement. It said it was issued in connection with last week's resumption of the Geneva test ban talks.

The Geneva talks are hopelessly deadlocked as a result of a new Soviet refusal to admit any inspectors of a test ban to Soviet territory and the West's rejection of the Soviet demand for an unsupervised test moratorium.

The Soviet return to the Geneva talks last week was interpreted as an indication they had completed their series of tests that included the biggest man-made explosion—one carrying a force of 50 million tons or more of TNT.

President Kennedy has said the United States also will resume testing in the atmosphere if the government feels this necessary for Western defense.

Underworld Boxing Czar Is Sentenced

LOS ANGELES (AP)—Frankie Carbo, former underworld boxing figure has been sentenced to 25 years in prison and fined \$10,000.

Federal Judge George Boldt also sentenced Frank (Blinky) Palmero, Philadelphia boxing promoter, to 15 years and fined \$10,000, and Truman Gibson Jr., Chicago attorney, to a suspended five-year term, fined him \$10,000 and placed him on five years' probation.

Ohio Mother To Be Reunited with Son

MANSFIELD, Ohio (AP)—"I cried so hard I couldn't even talk."

That was how a Mansfield mother of four reacted when she heard by phone Sunday from the 18-year-old son she hadn't seen since he was two years old.

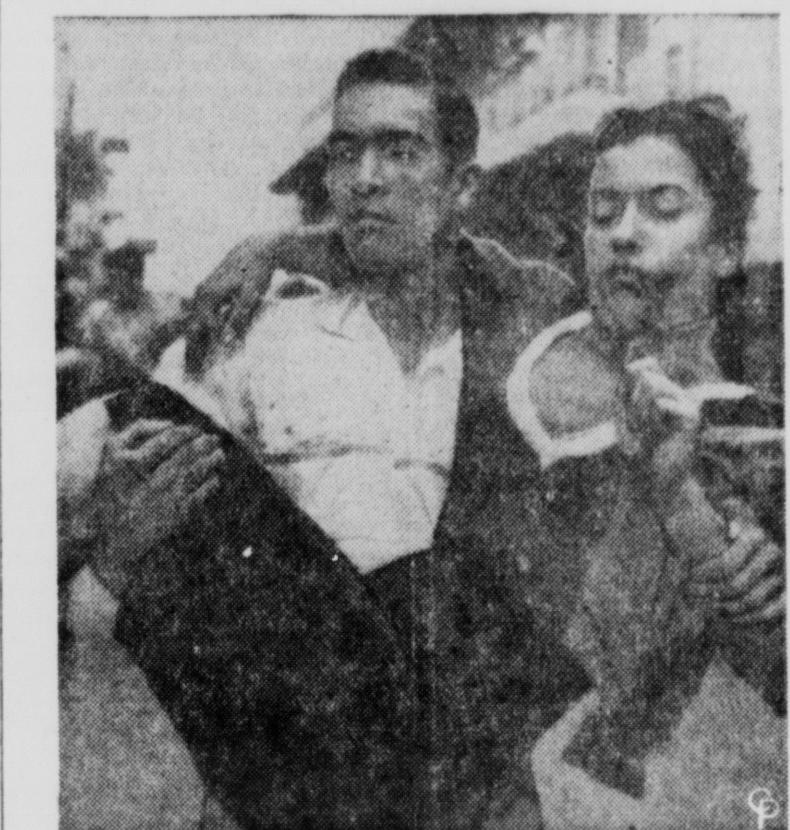

"I can't explain how I feel," Mrs. Beatrice Sowash said of the impending reunion with her son, Christopher Vito Christiano, and daughter, Kathleen Marie Christiano, 16.

"I can hardly wait to have my arms around them both," she added.

For Christopher, a two-year search for his mother had come to an end.

Nehru Urges Christians To Shun Cold War Spirit

NEW DELHI, India (AP)—Prime Minister Nehru appealed to Christian leaders from around the world today to approach international problems in a "friendly spirit rather than in the spirit of the cold war."

"If we seek peace, we must in some ways adopt the ways of peace," he told the general assembly of the World Council of Churches.

He urged the gathering of "the great leaders of religious thought" to face current international issues squarely and give mankind advice in solving them.

To evade them, he said, is no way to help in their resolution. But he pleaded that the "manner of approach be friendly" in dealing with the dangerous and extraordinary problems now pervading the international scene.

"The cold war method only aggravates the problems," he said. "I cannot understand how anyone thinks they can achieve peace by methods which only make for more and more war psychosis."

Nehru is not a Christian. He was born into the Hindu faith but later abandoned religion and became an agnostic.

The assembly today took up a committee report stating that whether it exists under a just government or tyranny, the church will still "obey its Lord."

The committee report singled out no particular nations as oppressors but said: "No present difficulties justify Christians or churches in acquiescing in either old or new forms of tyranny. Government without consent of the governed cannot be approved by Christians in our time."

Regarding the cold war the report said years of mutual distrust have given nations "false and fixed images" of one another. "The Marxist-Leninist view of basic conflict with capitalism does not necessarily mean that global nuclear war will inevitably take place," it said.

"On the other hand the needs of Western society do not necessarily imply an armed crusade."

The assembly, representing 198

Protestant, Orthodox and other denominations with more than 350 million members from all sections of the globe, took up reports as it neared its close Tuesday.

In a session Sunday night it hailed the "closer contacts which have recently been established" with Roman Catholic leaders and expressed hope "these will develop fruitfully in the future." The assembly also voiced its pleasure at the presence of observers from nonmember churches with special mention of the official Vatican observers.

4 of Family Die in Crash Of Airplane

YOUNGSTOWN, Ohio (AP)—An early dusk, combined with a sudden fog, spelled tragedy for a family of five whose plane crashed, possibly during an attempt to land amid heavy Sunday traffic on the Ohio Turnpike. Four died and the fifth was injured.

The plane missed the turnpike as it lost power during a bank about 100 feet above the toll road and plunged nose first into a field.

Dead in the crash were the pilot, William E. Phillips, 35, of Broadman Twp.; his wife, Beverly, 29; a son, Kenneth, 7, and a daughter, May Ann, 9 months.

A third child, Barbara, 5, was reported in fair condition at South Side Hospital.

Phillips, a foreman at the Youngstown Sheet & Tube Co., apparently was caught by the sudden fog and early dusk Sunday before he could reach his home field, Southern Airways. That field near Canfield about half an hour after sunset. The plane was in another banking turn when the engine apparently stalled and the craft plummeted to earth.

U.N. Reports Situation as 'Very Grave'

Roadblocks Set Up Around Airport, Indian Troop Camp

ELISABETHVILLE, Katanga (AP)—Foreign Minister Everiste Kimba of Katanga threatened today to shoot down all planes flying over this secessionist province and Katanga troops followed up the declaration by throwing up roadblocks on main roads leading to the airport and the U.N. Indian troop camp.

Kimba's threat was termed a "very grave statement" by acting U.N. Chief George Ivan Smith, who reported it at once to U.N. headquarters in New York.

Katanga troops killed one U.N. soldier, wounded three and seized 15 hostages during the weekend.

Today Katanga soldiers blocked roads with tree trunks, oil drums and heavy rocks. All traffic was turned back. Two armored cars moved up to one road block. U.N. troops moved up three armored cars to face them.

At an abandoned military supply depot in Elisabethville, Katanga paratroopers dug in and took up defensive positions. When asked what they were doing a staff sergeant said:

"This is war with the United Nations."

Tension between Katangans and U.N. troops is at flashpoint.

In a communique Sunday night Kimba said the Katanga government had rejected an ultimatum by the United Nations for removal of all roadblocks. The communique said the United Nations had threatened to use force as authorized by the Security Council and the Katanga government had warned in turn that "force will be met with force."

Smith sent a protest to Kimba calling for the immediate release of the 15 U.N. military personnel.

In Paris, Katanga President Moise Tshombe declared that if U.N. forces attempt "a new armed intervention" in Katanga the fighting "will be on a major scale because the Katangan people are determined to preserve their freedom."

Tshombe accused U.N. Acting Secretary General U. Thant of "intolerable provocation" by issuing an order to his representatives in the Congo to act vigorously to re-establish law and order.

Thombe is reported to be on his way to Rio de Janeiro to attend a Moral Re-Armament conference.

Irish ex-diplomat Conor Cruise O'Brien created a stir by charging Britain and France tried to hamstring him while he was U.N. representative in Katanga.

O'Brien let loose with his blast after resigning from his U.N. post and then from the Irish Foreign Service so he could speak out.

\$6,000 in Wigs Stolen From Washington Shop

OAS Expected To Rap Castro

WASHINGTON (AP)—A proposal to call a hemisphere foreign ministers' conference to consider collective action against Cuba was expected to win approval today in the Organization of American States.

The proposal before the OAS Council is sponsored by Colombia. The conference would consider the threat of communism and decide what steps to take against it. Cuba is not mentioned by name, but is the obvious target.

Prime Minister Fidel Castro clearly placed himself in the Communist camp Friday night when he declared he was a Marxist-Leninist and would remain one "until the day I die."

His announcement seemed to pull the rug from under those in this hemisphere who have sought to defend Castro from charges

of subservience to communism. Some hemisphere countries now may take a second look at their stand against intervention in the internal affairs of another sovereign nation.

Colombia's foreign minister, Jose Joaquin Caicedo Castilla said in advance of the council meeting that the prospects seemed "very good for our project."

One veteran Latin-American diplomat predicted that the proposal would obtain near-unanimous approval.

There may be some opposition from nations that traditionally oppose intervention in another country.

Many OAS representatives, however, seemed to agree that the conference would be called, although perhaps not as early as the Jan. 10 originally proposes by Colombia.

Newark Firm Lists Low Bid For Northridge Sewer Job

The Krebs Hoskinson Co. of Newark is the apparent low bidder for construction of Circleville's Northridge Road Storm Sewer System.

Bids for the project were opened here Friday. Cost estimates were submitted by 13 firms.

The Newark company's bid was \$47,866.90. The next low figure was \$48,799.30, submitted by the

McFarland Co. of Circleville. C. W. Pike and Sons, Inc. of Columbus listed a figure of \$51,208.71 and Ben Davis Inc., also of Columbus, submitted a bid of \$52,006.10.

THE PROJECT, approved by a Circleville Council ordinance on Aug. 16, 1961, calls for a 160-day completion period. Construction is scheduled to start after the contract is signed with the low bidding firm.

The Northridge Storm Sewer System covers about 78.3 acres along Northridge Road, Nicholas Drive, Georgia and Mulberry Roads, Meadow Lane, the Garden City, Joseph C. Moats and Zwickler Woods subdivision and others areas.

An earlier detailed study of the area disclosed that existing sewer facilities failed to handle surplus water, especially this past spring when heavy rain storms struck the Circleville Community.

Major cost of the project will be shouldered by benefited property owners in the area through assessments.

Pacifist Group Pickets Bob Kennedy Talk

CLEVELAND (AP)—While pacifists picketed outside U.S. Atty. Gen. Robert F. Kennedy talked about civil rights at a banquet of the National Conference of Christians and Jews Sunday night.

The handsome 36-year-old brother of the President had to press his way through admiring crowds at Hotel Carter to get to and from the rostrum for his appearance at the annual event. Before he left he received a special citation praising him for his efforts in behalf of civil rights.

Outside the hotel, 25 marching men, women and children carried pacifist placards. Police said some of the picketers were members of the Women Strike for Peace and other pacifist organizations.

Placards bore such messages as, "Thou Shalt Not Kill," "First Amendment: Congress Shall Make No Law . . . Abridging Freedom of Speech," and one carried by children saying, "Let Us Live."

Kennedy told the 1,500 persons attending the banquet this country is gaining in the fight for civil rights and will keep on battling bigotry and intolerance.

He said the United States was aware of the dark side of prejudice but was not going to hide it, as the Soviets would, from the world.

SAN FRANCISCO (AP)—Francis Patrick Kennedy, the second person ever to survive a leap from the Golden Gate bridge, remained in critical condition today.

He suffered fractures of both arms and numerous internal injuries in the fall—the equivalent of an 11-story plunge.

Reds Threaten More A-Tests

U.S. Announces Another Blast

MOSCOW (AP)—The Russians tried again Sunday night to put the blame on the West for continuance of nuclear weapon tests.

The Soviet government declared that unless the Western powers stop all nuclear weapons tests—including underground explosions that don't produce radioactive fallout—it will resume "such nuclear tests as it deems necessary for the consolidation of its defense capacity."

A few hours after the Moscow warning the United States announced it had set off a low-yield underground nuclear blast Sunday and is preparing to go ahead with another test next Sunday.

"Our announced policy is to test and talk," a State Department spokesman said in Washington.

The Russians, who broke a three-year moratorium on nuclear testing Sept. 1 for a series of big to gigantic nuclear explosions in the atmosphere, said the time has come now "for the early achievement of an agreement which would rid the peoples of experimental weapon blasts."

The Soviet call for an end to testing made no mention of supervising any new moratorium as demanded by the Western powers.

Tass, the Soviet news agency, distributed the Soviet statement. It said it was issued in connection with last week's resumption of the Geneva test ban talks.

The Geneva talks are hopelessly deadlocked as a result of a new Soviet refusal to admit any inspectors of a test ban to Soviet territory and the West's rejection of the Soviet demand for an unsupervised test moratorium.

The Soviet return to the Geneva talks last week was interpreted as an indication they had completed their series of tests that included the biggest man-made explosion—one carrying a force of 50 million tons or more of TNT.

President Kennedy has said the United States also will resume testing in the atmosphere if the government feels this necessary for Western defense.

The assembly also voiced its pleasure at the presence of observers from member churches with special mention of the official Vatican observers.

4 of Family Die in Crash Of Airplane

YOUNGSTOWN, Ohio (AP)—An early dusk, combined with a sudden fog, spelled tragedy for a family of five whose plane crashed, possibly during an attempt to land amid heavy Sunday traffic on the Ohio Turnpike. Four died and the fifth was injured.

The plane missed the turnpike as it lost power during a bank about 100 feet above the toll road and plunged nose first into a field.

Dead in the crash were the pilot, William E. Phillips, 35, of Broadman Twp.; his wife, Beverly, 29; a son, Kenneth, 7, and a daughter, May Ann, 9 months.

A third child, Barbara, 5, was reported in fair condition at South Side Hospital.

Phillips, a foreman at the Youngstown Sheet & Tube Co., apparently was caught by the sudden fog and early dusk Sunday before he could reach his home field, Southern Airways. That field has no lights for night landings.

A witness said the red and white Cessna 172 criss-crossed the turnpike near Canfield about half an hour after sunset. The plane was in another banking turn when the engine apparently stalled and the craft plummeted to earth.

"She said she was crying because she was so happy to hear from me. I felt like crying too, but I just cried inside."

The boy said his uncle, with the help of the family, is going to see that Mrs. Sowash is brought to Rhode Island for a reunion with her two grown children before Christmas.

But Mrs. Sowash said she didn't think she could make it because of the age of her newest child. Anyway, she added, she doesn't have much money.

But it was her understanding that an attempt will be made to bring Christopher and Kathleen to Mansfield. Kathleen lives somewhere in Florida, she said, and has been separated from her brother only a few months.

U.N. Reports Situation as 'Very Grave'

Roadblocks Set Up Around Airport, Indian Troop Camp

ELISABETHVILLE, Katanga (AP)—Foreign Minister Evariste Kimba of Katanga threatened today to shoot down all planes flying over this secessionist province and Katanga troops followed up the declaration by throwing up roadblocks on main roads leading to the airport and the U.N. Indian troop camp.

Kimba's threat was termed a "very grave statement" by acting U.N. Chief George Ivan Smith, who reported it at once to U.N. headquarters in New York.

Katanga troops killed one U.N. soldier, wounded three and seized 15 hostages during the weekend.

Today Katanga soldiers blocked roads with tree trunks, oil drums and heavy rocks. All traffic was turned back. Two armored cars moved up to one road block. U.N. troops moved up three armored cars to face them.

At an abandoned military supply depot in Elisabethville, Katanga paratroopers dug in and took up defensive positions. When asked what they were doing a staff sergeant said:

"This is war with the United Nations."

Tension between Katangans and U.N. troops is at flashpoint.

In a communique Sunday night Kimba said the Katanga government had rejected an ultimatum by the United Nations for removal of all roadblocks. The communique said the United Nations had threatened to use force as authorized by the Security Council and the Katanga government had warned in turn that "force will be met with force."

Smith sent a protest to Kimba calling for the immediate release of the 15 U.N. military personnel.

In Paris, Katanga President Moise Tshombe declared that if U.N. forces attempt "a new armed intervention" in Katanga the fighting "will be on a major scale because the Katangan people are determined to preserve their freedom."

Tshombe accused U.N. Acting Secretary General U. Thant of "intolerable provocation" by issuing an order to his representatives in the Congo to act vigorously to re-establish law and order.

Tshombe is reported to be on his way to Rio de Janeiro to attend a Moral Re-Armament conference.

Irish ex-diplomat Conor Cruise O'Brien created a stir by charging Britain and France tried to hamstring him while he was U.N. representative in Katanga.

O'Brien let loose with his blast after resigning from his U.N. post and then from the Irish Foreign Service so he could speak out.

\$6,000 in Wigs Stolen From Washington Shop

WASHINGTON (AP)—Marcel Cadeux fears that wigs may be coming in fashion for stylish and cautious Washington thugs.

He came to this conclusion Sunday after finding his Connecticut Avenue shop looted to about \$6,000 in wigs and toupees, his stock in trade.

OAS Expected To Rap Castro

WASHINGTON (AP)—A proposal to call a hemisphere foreign ministers' conference to consider collective action against Cuba was expected to win approval today in the Organization of American States.

The proposal before the OAS Council is sponsored by Colombia. The conference would consider the threat of communism and decide what steps to take against it. Cuba is not mentioned by name, but is the obvious target.

Prime Minister Fidel Castro clearly placed himself in the Communist camp Friday night when he declared he was a Marxist-Leninist and would remain one "until the day I die."

His announcement seemed to pull the rug from under those in this hemisphere who have sought to defend Castro from charges

of subservience to communism. Some hemisphere countries now may take a second look at their stand against intervention in the internal affairs of another sovereign nation.

Colombia's foreign minister, Jose Joaquin Calcedo Castilla said in advance of the council meeting that the prospects seemed "very good for our project."

One veteran Latin-American diplomat predicted that the proposal would obtain near-unanimous approval.

There may be some opposition from nations that traditionally oppose intervention in another country.

Many OAS representatives, however, seemed to agree that the conference would be called, although perhaps not as early as the Jan. 10 originally proposed by Colombia.

Newark Firm Lists Low Bid For Northridge Sewer Job

The Krebs Hoskinson Co. of Newark is the apparent low bidder for construction of Circleville's Northridge Road Storm Sewer System.

Bids for the project were opened here Friday. Cost estimates were submitted by 13 firms.

The Newark company's bid was \$47,866.90. The next low figure was \$48,799.30, submitted by the

McFarland Co. of Circleville.

C. W. Pike and Sons, Inc. of Columbus listed a figure of \$51,208.71 and Ben Davis Inc., also of Columbus, submitted a bid of \$52,006.10.

THE PROJECT, approved by a Circleville Council ordinance on Aug. 16, 1961, calls for a 160-day completion period. Construction is scheduled to start after the contract is signed with the low bidding firm.

The Northridge Storm Sewer System covers about 78.3 acres along Northridge Road, Nicholas Drive, Georgia and Mulberry Roads, Meadow Lane, the Garden City, Joseph C. Moats and Zwickler Woods subdivision and others areas.

An earlier detailed study of the area disclosed that existing sewer facilities failed to handle surplus water, especially this past spring when heavy rain storms struck the Circleville Community.

Major cost of the project will be shouldered by benefitted property owners in the area through assessments.

Pacifist Group Pickets Bob Kennedy Talk

CLEVELAND (AP)—While pacifists picketed outside, U.S. Atty. Gen. Robert F. Kennedy talked about civil rights at a banquet of the National Conference of Christians and Jews Sunday night.

The handsome 36-year-old brother of the President had to press his way through admiring crowds at Hotel Carter to get to and from the rostrum for his appearance at the annual event. Before he left he received a special citation praising him for his efforts in behalf of civil rights.

Outside the hotel, 25 marching men, women and children carried pacifist placards. Police said some of the pickets were members of the Women Strike for Peace and other pacifist organizations.

Placards bore such messages as, "Thou Shalt Not Kill." "First Amendment: Congress Shall Make No Law . . . Abridging Freedom of Speech," and one carried by children saying, "Let Us Live."

Kennedy told the 1,500 persons attending the banquet this country is gaining in the fight for civil rights and will keep on battling bigotry and intolerance.

He said the United States was aware of the dark side of prejudice but was not going to hide it, as the Soviets would, from the world.

Man, 20, Survives Golden Gate Leap

SAN FRANCISCO (AP)—Francis Patrick Kennedy, the second person ever to survive a leap from the Golden Gate bridge, remained in critical condition today.

The 20-year-old Oakland Youth vaulted over the railing Sunday and dropped more than 150 feet onto rain-softened earth.

He suffered fractures of both arms and numerous internal injuries in the fall—the equivalent of an 11-story plunge.

In 1941, Cornelia Van Ierland, 22, jumped from the span and landed in the water 220 feet below. Her present whereabouts are unknown.

Boy Scout Pioneer Dies

SOMERSET, Ky. (AP)—Edgar D. Garland, 63, a member of the first Boy Scout troop in America, died Saturday. Garland was one of 15 boys who formed the troop in 1908, two years before the Boy Scouts of America was formally incorporated.

The Light Side

ALL CHRISTIAN youth of the community have been invited to participate in a "Carol Sing" on the Courthouse steps starting 7:30 p. m. Dec. 19.

This notable and most appropriate project has been planned by the youth directors of Circleville churches.

Turman Eberly of Trinity Lutheran Church will lead the singing. . . Carols chosen will be familiar ones. . . everyone may participate to the fullest.

Each church group is asked to wear or carry some Christmas symbol or wear specific clothing for identification purposes. . . Examples are red scarves, stacking caps, stars, evergreen, candles and the like.

After the sing, lasting about half an hour, the groups will go to the armory on E. Franklin St. where hot chocolate will be served. . . All boys and girls from the 7th grade through college are urged to participate.

A PLEASANT sound in Circleville yesterday: the playing of the Foreman Chimes. . . A most appropriate gesture to add to the Christmas spirit here.

TWO 8TH GRADE GIRLS AT Northfield-Macedonia Junior High School near Cleveland have taken quite an interest in Pickaway county's famous Logan Elm. . .

They are searching for a wood-carver who will make them a plaque for their school from a piece of the famed tree. . . So far they haven't had any luck. . .

The girls, Maureen Doolan, 13, and Karen Niederle, 12, received a piece of a limb from the famed

old tree through the Ohio Historical Society. . . After they read last spring the tree was excessively damaged by a storm, they wrote the society asking for a souvenir of the elm. . .

Henry Reiman, the girls' Ohio history teacher, has been helping them in the search for a wood carver. . . Reiman also has written Mayor Ben H. Gordon asking for additional information and pictures of Logan Elm. . . The mayor started an immediate search for pictures today after rounding up some appropriate data compiled by the Circleville Area Chamber of Commerce.

DO YOU KNOW of a Circleville area mother who could become the Ohio Mother of 1962 and later be chosen the American Mother of 1962? . . .

The standards for such an honor are set up by the American Mothers Committee, Inc. . . She must be an active member of a religious body, a successful mother as shown by the character and achievement of her children. She must possess motherly traits and exemplify in her life and conduct the precepts of the Golden Rule.

Nomination blanks have been sent to state-wide organizations. Additional blanks may be obtained by writing to Mrs. Chester A. Smith, State Chairman, 2338 Tremont Road, Columbus, 21, Ohio. . . Nominations must be submitted by Mar. 1, 1962.

The Ohio Mother chosen will be honored in Columbus. In New York City during the week preceding Mother's Day she will be considered with all other State Mothers for the honor of being the National Mother of 1962. . .

The Ohio Mother of 1961 was Mrs. Vernon LeMaster of Sidney.

ONE OF the brightest spots in the pre-Christmas panorama in downtown Circleville is County Engineer Henry T. McCrady's office.

Departmental quarters in the basement of the Pickaway County Courthouse have been trimmed in holiday greenery with snow-like white illustrations on the windows and a glowing artificial fire in the fireplace sprinkling beads of colored cheer against ornaments decorating a tree. . .

The mantle has a large Christmas scene hung above it and is resplendent with candles and greenery. . .

The whole effect is the work of McCrady's son, Robert, who makes decorating his father's office an annual project.

THEY ALMOST had to turn out the riot squad early today on N. Court St. — but not to calm down any disturbance of a human variety. . .

One of our town's chronic insomniacs spotted this scene about 3:30 a. m.: Prowling along in close-order formation and headed north on the sidewalk in front of the Ohio Fuel Gas Co. offices — five large, dark cats making nary a meow. . .

On the opposite side of the street headed toward Main St. with an equally purposeful appearance — four larger, lighter dogs. . .

The two groups of wanderers looked at each other for several movements at safe distances, then continued their separate ways — without anything more than a vicious visual exchange.

COURTHOUSE custodial personnel have brought a new glow to those dignified halls with a thorough scrub job on the white marble floors.

SCIOTO TWP. High School played Boy's Industrial School in a basketball game Saturday night and was soundly beaten, 85-57.

Afterward Buffaloes coach Charlie Baxter related this story. . . Last season the BIS crew was heading for an undefeated campaign thanks to the outstanding ability of several starting eagers. Then disaster struck as far as the school's coach was concerned. . .

It seems several of his boys ended their terms in the correctional institution. After they were "lost"

Man Tossed Through Door In Milk Fuss

When is a glass of buttermilk full?

A heated argument over this question sent a 48-year-old Circleville man to Berger Hospital with lacerations on his left thumb and forehead after he was thrown through the glass door of Van's Sandwich Shop, E. Main St., about 12:30 a. m. Saturday.

Orland Inbody, 126 Logan St., ordered a glass of buttermilk at the restaurant. When he was served, city police reported, he claimed the glass was too small and was not as full as it should be.

Patrolmen Wesley Barton and Charles Tomlinson said Inbody became loud and abusive to the shop's owner, Alfred Van Fossen, and contended he would not pay for the drink.

Van Fossen, a former semi-professional boxer, pulled Inbody from a booth and shoved him against a glass pie case on a counter, shattering it. Inbody resisted and in the struggle was thrown through the glass door.

Police said no charges were filed. Inbody was released after treatment at the hospital.

Equipment Missing

Jack R. Allspaugh, Mt. Sterling, told Circleville Police equipment was taken from his auto during the weekend while it was parked in front of 214 S. Scioto St.

Allspaugh said that all four hubcaps, air-intakes off the carburetors, and the radio were missing. He estimated the loss at \$115.

Norman Hill, 21, 373 Weldon Ave.; \$35 and costs for driving without a license.

David L. Pritchard, 18, of 174 Third St.; \$15 and costs for failing to yield the right of way.

City police cited Arnett B. Carpenter, 44, Toledo, who was fined \$15 and costs for speeding at 50 miles per hour in a 35 mile zone.

Clothing, Gun Taken from Auto

Several articles of clothing and a shotgun were taken from a parked auto in Williamsport late Friday, according to a report today by the Pickaway County Sheriff's Department.

Joe Whiteside, Williamsport, told Sheriff Walton W. Spangler his 1961 model auto was entered while it was parked on Cedar Street in Williamsport.

Whiteside said loot included a 12-gauge shotgun, two suits of clothing, two topcoats, two electric razors and four suits of thermal underwear.

Emergency Unit Summoned Today

The Circleville Fire Department's emergency ambulance was summoned to the home of Harry Coss, 829 Atwater Ave., at 3:30 a. m. today.

Coss, former Circleville Municipal Court bailiff, was suffering from a heart condition. Firemen administered oxygen.

old tree through the Ohio Historical Society. . . . After they read last spring the tree was excessively damaged by a storm, they wrote the society asking for a souvenir of the elm. . . .

Henry Reiman, the girls' Ohio history teacher, has been helping them in the search for a wood carver. . . . Reiman also has written Mayor Ben H. Gordon asking for additional information and pictures of Logan Elm. . . . The mayor started an immediate search for pictures today after rounding up some appropriate data compiled by the Circleville Area Chamber of Commerce.

DO YOU KNOW of a Circleville area mother who could become the Ohio Mother of 1962 and later be chosen the American Mother of 1962?

The standards for such an honor are set up by the American Mothers Committee, Inc. . . . She must be an active member of a religious body, a successful mother as shown by the character and achievement of her children. She must possess motherly traits and exemplify in her life and conduct the precepts of the Golden Rule.

Nomination blanks have been sent to state-wide organizations. Additional blanks may be obtained by writing to Mrs. Chester A. Smith, State Chairman, 2338 Tremont Road, Columbus, 21, Ohio. . . . Nominations must be submitted by Mar. 1, 1962.

The Ohio Mother chosen will be honored in Columbus. In New York City during the week preceding Mother's Day she will be considered with all other State Mothers for the honor of being the National Mother of 1962. . . .

The Ohio Mother of 1961 was Mrs. Vernon LeMaster of Sidney.

ONE OF the brightest spots in the pre-Christmas panorama in downtown Circleville is County Engineer Henry T. McCrady's office.

Departmental quarters in the basement of the Pickaway County Courthouse have been trimmed in holiday greenery with snow-like white illustrations on the windows and a glowing artificial fire in the fireplace sprinkling beads of colored cheer against ornaments decorating a tree. . . .

The mantle has a large Christmas scene hung above it and is resplendent with candles and greenery. . . .

The whole effect is the work of McCrady's son, Robert, who makes decorating his father's office an annual project.

THEY ALMOST had to turn out the riot squad early today on N. Court St. — but not to calm down any disturbance of a human variety. . . .

One of our town's chronic insomniacs spotted this scene about 3:30 a. m.: Frowning along in close-order formation and headed north on the sidewalk in front of the Ohio Fuel Gas Co. offices — five large, dark cats making nary a meow. . . .

On the opposite side of the street headed toward Main St. with an equally purposeful appearance — four larger, lighter dogs. . . .

The two groups of wanderers looked at each other for several movements at safe distances, then continued their separate ways — without anything more than a vicious visual exchange.

COURTHOUSE custodial personnel have brought a new glow to those dignified halls with a thorough scrub job on the white marble floors.

SCIO TO TWP. High School played Boy's Industrial School in a basketball game Saturday night and was soundly beaten, 85-57.

Afterward Buffaloes coach Charlie Baxter related this story. Last season the BIS crew was heading for an undefeated campaign thanks to the outstanding ability of several starting eagers. Then disaster struck as far as the school's coach was concerned.

It seems several of his boys ended their terms in the correctional institution. After they were "lost"

Man Tossed Through Door In Milk Fuss

When is a glass of buttermilk full?

A heated argument over this question sent a 48-year-old Circleville man to Berger Hospital with lacerations on his left thumb and forehead after he was thrown through the glass door of Van's Sandwich Shop, E. Main St., about 12:30 a. m. Saturday.

Orland Inbody, 126 Logan St., ordered a glass of buttermilk at the restaurant. When he was served, city police reported, he claimed the glass was too small and was not as full as it should be.

Patrolmen Wesley Barton and Charles Tomlinson said Inbody became loud and abusive to the shop's owner, Alfred Van Fossen, and contended he would not pay for the drink.

Van Fossen, a former semi-professional boxer, pulled Inbody from a booth and shoved him against a glass pie case on a counter, shattering it. Inbody resisted and in the struggle was thrown through the glass door.

Police said no charges were filed. Inbody was released after treatment at the hospital.

Equipment Missing

Jack R. Allspaugh, Mt. Sterling, told Circleville Police equipment was taken from his auto during the weekend while it was parked in front of 214 S. Scioto St.

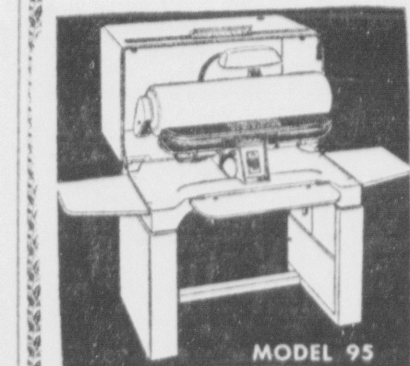

Allspaugh said that all four hubcaps, air-intakes off the carburetors, and the radio were missing. He estimated the loss at \$115.

pended and he was placed on probation for one year.

Thomas M. Christopher, 21, Sciotoville; \$20 and costs for speeding at 80 miles per hour in a 60 mile zone.

Billy J. Simmonds, Columbus; \$10 and costs for speeding at 60 miles per hour in a 50 mile zone.

Donald W. Hermann, 52, Jackson, O.; \$24 bond forfeiture for speeding at 65 miles per hour in a 50 mile zone.

Dorsey Wyant, 41, Columbus; \$15 and costs for speeding at 75 miles per hour in a 60 mile zone.

Richard T. LeMaster, 32, New Boston, and **William W. Fultz, 38, Portsmouth;** each fined \$11 and costs for speeding at 71 miles per hour in a 60 mile zone.

Newton B. Parker, 41, Columbus; \$12 and costs for speeding at 72 miles per hour in a 60 mile zone.

Oley E. Herdman, 27, Route 3, Pomeroy; \$50 and costs for reckless operation; \$25 of the fine was suspended and he was placed on probation for one year.

Robert C. Barr, 18, Chillicothe; \$15 and costs for speeding at 65 miles per hour in a 50 mile zone.

Sheriff's department arrests were: **Thomas C. Hill, 26, of 373 Weldon Ave.;** \$35 and costs for permitting an unlicensed driver to operate his vehicle.

Norman Hill, 21, 373 Weldon Ave.; \$35 and costs for driving without a license.

David L. Pritchard, 18, of 174 Third St.; \$15 and costs for failing to yield the right of way.

City police cited **Arnett B. Carpenter, 44, Toledo,** who was fined \$15 and costs for speeding at 50 miles per hour in a 35 mile zone.

Several articles of clothing and a shotgun were taken from a parked auto in Williamsport late Friday, according to a report today by the Pickaway County Sheriff's Department.

Joe Whiteside, Williamsport, told Sheriff Walton W. Spangler his 1961 model auto was entered while it was parked on Cedar Street in Williamsport.

Whiteside said loot included a 12-gauge shotgun, two suits of clothing, two topcoats, two electric razors and four suits of thermal underwear.

The Circleville Fire Department's emergency ambulance was summoned to the home of Harry Coss, 829 Atwater Ave., at 3:30 a. m. today.

Coss, former Circleville Municipal Court bailiff, was suffering from a heart condition. Firemen administered oxygen.

CAN'T REMEMBER—Paul Kennedy, 20, ex-convict dishonorably discharged from the Marine Corps, looks a bit harassed in custody in Gary after a two-county shooting spree in Northern Indiana in which two men were killed and a third wounded. Kennedy claims he was so drunk he can't remember shootings.

JFK Impresses Minnesota Publishers

WASHINGTON (AP) — Most of a group of Minnesota publishers who lunched with President Kennedy came away impressed with his handling of the affair.

Several told newsmen after the meeting here that they were in Republicans and came out Republicans, but still felt it was a worthwhile session.

Some said they were disappointed about the emphasis on international problems, but other publishers said they themselves were responsible for that by their questions.

I. was the latest in a series of luncheon meetings Kennedy has held with groups of publishers from various states in the past two months.

John Cowles, president of the Minneapolis Star and Tribune, called the meeting "very pleasant and enjoyable."

Bernard H. Ridder Jr., publisher of the St. Paul Dispatch and Pioneer Press and the Duluth Herald and News Tribune, said, "I was impressed with the President's knowledge of so many of these problems. He was very frank and I don't think any of us felt he was holding back."

Volcano Won't Work

HONOLULU (AP) — Hopes of harnessing volcanic steam for cheap electrical power appear to be evaporating.

The Hawaii Thermal Power Co. has abandoned four of its five sites where drilling started five months ago.

A spokesman for the company said cracks and lava tubes have plagued drilling and expensive tools have been lost. One site was given up after drillers hit a stream of hot water.

The remaining rig is in the puna area on the slopes of much-active Kilauea Volcano.

Mongolia in Between

Outer Mongolia's position in the alleged rift between the Soviet Union and Red China contributes to an understanding of nations that are "neutral" as between West and East.

Mongolia, on the boundary line between Russia and China, gets a few crumbs from both. The net effect is what might be expected. The Mongolians are described as wanting no part of any Russo-Chinese quarrels. They are concerned only that the two big communist powers keep sending crumbs.

That is natural in a world more and

more addicted to the holding out of hands for help. But there are certain risks. Just now the U. S. government is reappraising its aid list and may become less liberal in donations to those giving too much lip service to the communist camp. India's Menon certainly never does anything to endear him to American taxpayers, or anti-communists anywhere.

All this leaves the unanswered question: What significance has international aid in building a world of small nation free of the perils of conquest by Russia?

headquarters in each region.

NOTHING CAN STOP a Hoosier newspaperman. Pete Henderson recalls the night he was working on the Crawfordsville, Ind., Review when a report came over the wire that the Titanic had struck an iceberg on its maiden voyage and sunk. Henderson needed a picture in a hurry, but all he could find was a cut of an old Lake Erie side-wheeler. He never had seen an ocean liner himself and figured that most of his readers were similarly ignorant. So he used the old cut on Page 1 with the caption "The Ill-Fated Titanic." The next day he was looking for a new job.

A champion prize fighter, after an exhibition bout in Winnipeg, was shown a photograph of himself that had appeared the day previous in a San Francisco paper.

"How did they manage that?" demanded the pug. "I ain't been in San Francisco for years."

Inside You and Yours

By BURTON H. FERN, M.D.

Prevent boils with ordinary soap and water!

Boils—tiny pimples that swell into red, hot and ugly abscesses on the neck, face and buttocks; under arms and breasts, too. A protective wall around each boil keeps the abscess from spreading.

Pus-forming germs are everywhere, even in the air. Your skin is constantly fighting them off. Germs win when millions of reinforcements overwhelm normal resistance or when resistance crumbles beneath squeezed skin blemishes, scratched mosquito bites and irritation from frayed collars. Deep within the skin a germ-filled abscess soon boils.

Fingertips can carry invading germs anywhere, triggering new boils and sties. Like a squashed tomato, a squeezed boil breaks open splattering fiery infection around the area. Blood poisoning threatens when germs seep into the circulation.

Wash each boil and the surrounding skin with soap and water several times each day. Then flood the area with germ-killing Zephiran or alcohol (70 per cent).

Cover with enough sterile gauze and cotton to cushion all irritation. Soak the area with hot water or salt solution — 2 teaspoons per pint — to soothe the boil and bring it to a head.

As the head pops open, creamy infection pours out.

Boils on the nose and upper lip drain in towards the brain. Call your doctor at once! Also, when any boil hasn't started to heal after a day or so.

The pointed scalpel can puncture boils to speed healing. A warm wet bandage prevents dry matter from clogging any draining abscess. Antibiotic germ-killers often help, but germs in many boils are immune to these miracle drugs.

Eat well, stay well and prevent boiling complications. Don't squeeze blemishes; reverse frayed collars and sprinkle powder to

prevent chafing.

Use plenty of soap and water, too. A washed neck almost never boils!

Dr. Fern's mailbox is wide open for letters from readers. While he cannot undertake to answer individual letters, he will use readers' questions in his column whenever possible and when they are of general interest. Address your letters to Dr. Fern in care of this newspaper.

HONOLULU (AP) — Poultry experts at the University of Hawaii say they have developed a grain-less poultry feed which is nearly all Hawaii-grown.

It consists of pineapple leaf meal, molasses, tuna, blood meals, meat, bone scraps and tallow. Vitamins and minerals—the only important ingredients—are added.

Dr. Ernest Ross, head of the poultry science department, said, "So far the only product and that normally imported from the mainland is a slightly smaller egg." He said tallow content caused this and can be overcome.

Liz Writes a Letter

By George Sokolsky

Elizabeth Gurley Flynn may not recall me but when she was a very young girl, in her early twenties, I knew her fairly well. Then she was an excited, enthusiastic young woman who went to Paterson, New Jersey, as many of us did, for the silk workers.

Silk was then a dying industry in this country. It was the beginning of new fabrics, not quite as devastating as rayon, nylon, orlon and the numerous new fabrics which have altered industrial life throughout the world. But silk was having a very hard time and both the employers and the workers were being pushed to the wall.

The Paterson strikes were taken over by the I.W.W. and the leaders were Big Bill Haywood, Carlos Trese, and the youthful Elizabeth Gurley Flynn. They were not Communists; they were syndicalists, closer to anarchists than Socialists. However, Elizabeth Gurley Flynn, in due course, became a Communist and is now Chairman of the Communist Party of the United States.

She has just returned to the United States to be arrested in accordance with a supreme Court decision and she has written a pitiful letter to "The New York Times" in which she describes her plight.

"I wonder if you will entertain the same admiring attitude toward the writer of this letter (as to Molotov), who at the age of 71 is returning to face my accusers under the McCarran Act. The simple truth is that I risk a life sentence since, the penalties under the McCarran (Smith) Act are five years imprisonment and \$10,000 fine for each day I refuse to register under the terms of a law that brands me a foreign agent."

The reference to the Russian who has returned to be sentenced for life is to Molotov and Elizabeth Gurley Flynn compares herself to Molotov who has for years served Soviet Russia as Minister of Foreign Affairs and a short time as Premier, although our lady has never served this country well or at all. She writes:

"Some may be facetious about my returning and suggest that possibly I should have remained in the Soviet Union. But it happens that I am an American. I love my native land and feel confident that there are millions of Americans who, whatever their political views, are also horrified at such monstrosities as the McCarran Act."

We usually assume that any course we set upon is right because we set upon it. Elizabeth Gurley Flynn was first arrested in Spokane, Washington in 1909, in a free speech fight. She has consistently fought for Leftist causes. It was shocking to many libertarians when she joined the Communist Party which is a totalitarian organization that abhors liberty and the rights of the indi-

vidual. However, that was her choice and she has been consistent in following the Communist line through every twist and change. She adored and abhorred Stalin and was a minion of Earl Browder until he was thrown out of the Party. This is the disciplined life of a Party member, who emerges to a high position.

Elizabeth Gurley Flynn rejects the Congress of the United States; she rejects the Supreme Court of the United States; but she obeys the authority of the Communist Party. She is no longer free to think for herself, to choose for herself, hers is to obey. She turned on her God and her church but she obeys Khrushchev and her

Party. She obeys without the slightest deviation from the Party line.

This is a sad picture of a once free spirit, of a human being who once dared to assert herself and to take great risks. Those days are gone. They call her the Chairman of the Communist Party of the United States but she knows, as every Party member knows, that she is not the top official of the Party; that she is a front, to make speeches and write articles, but the instructions come from Moscow, from the Kremlin. And those orders, always against the United States, are always designed to damage the United States.

Mongolia in Between

Outer Mongolia's position in the alleged rift between the Soviet Union and Red China contributes to an understanding of nations that are "neutral" as between West and East.

Mongolia, on the boundary line between Russia and China, gets a few crumbs from both. The net effect is what might be expected. The Mongolians are described as wanting no part of any Russo-Chinese quarrels. They are concerned only that the two big communist powers keep sending crumbs.

That is natural in a world more and

more addicted to the holding out of hands for help. But there are certain risks. Just now the U. S. government is reappraising its aid list and may become less liberal in donations to those giving too much lip service to the communist camp. India's Menon certainly never does anything to endear him to American taxpayers, or anti-communists anywhere.

All this leaves the unanswered question: What significance has international aid in building a world of small nation free of the perils of conquest by Russia?

The Business World

NEW YORK (AP)—Business and government should be, can be and must be friends if the goals of each are to be reached. And the chances of their working together are good, in the view of the chief of the nation's biggest nonfinancial business, if each will take a realistic approach to mutual problems.

This is how Frederick R. Kappel, board chairman of American

Telephone & Telegraph, sizes up the question fretting many businessmen today:

Is the present administration antibusiness as has been widely charged, or is it at heart far from being antibusiness as President Kennedy is taking pains of late to emphasize?

Businessmen's fears that the administration was set on giving them a rough time center on the rush of antitrust suits, price fixing charges, antimerger moves, and what some have called a bias against bigness itself where business is concerned.

But Kappel told the Commonwealth Club of California in San Francisco Friday: "President Kennedy has taken pains to emphasize that he and his administration are not antibusiness. The force and sincerity of this position seem perfectly clear to me, for as the President has also brought out, the government is dependent on business progress for the realization of national objectives."

The head of a company with around \$28 billion in assets, more than 2 million shareholders, and net income last year of \$1.2 billion lists these goals as "Greater industrial production; an increase in business spending for plant and equipment; higher employment and a reduction in the rate of unemployment; and a higher over-all level of personal income."

Among the problems are: the aggressive and effective foreign competition in both domestic and world markets, and a system of taxation "which now hampers vigorous personal and corporate performance."

The business leader has some tips for the President on how the relations between government and business can be improved. One is consistency in government policy.

"If you cannot tell what is coming next, from what agency or from what government authority, you cannot even guess what your first step should be, let alone the next one," Kappel says.

He also wants the administration to give thought to the profit squeeze of which perhaps a majority of businessmen complain today. He blames the lowering of profit margins on rising operating costs, high taxes, and "inadequate depreciation allowances."

And he links profits to the goals of growth and employment. It goes this way: "One of our

hopes for 1962 is for substantial increase in business spending for plant and equipment. Always in the past, this has been a vital factor in stimulating employment. But also, it has always depended heavily on profits, and the pick-up in profits has usually come first."

Letter to The Editor

DEAR EDITOR:

The Circleville Teachers Association should be applauded for its recent stand opposing out-right federal aid to education.

Our Teachers have a great personal concern for the proper future development of our educational program.

E. G. GRIGG

CHIEF AIM — Kingsley A. Taft, Ohio supreme court judge, announced that he will be a candidate for Chief Justice of the court next year. Taft will probably run against Chief Justice Carl V. Weygant.

SANTA and the FLYING SHOE

by Lucrece Beale

CHAPTER ONE THE FALLING SKY

Once upon a time, in the far away Kingdom of Polydora, there ruled a king named Ferdinand. He was a good king, kind and gentle and trusting. If anything, he was perhaps a little too good-hearted and some people said he was not so much simple-minded as simple-minded. Behind his back, these people called him "Ferdinand the Foolish."

Foolish or not, Ferdinand was the happiest of kings. He lived everything about his job and would not have traded with anyone. He loved his great velvet-draped throne and his jeweled crown and his marvelous purple and crimson robes.

He loved to grant favors to subjects who needed help and to order whatever he wished for lunch. He loved to give circuses for children and to stay up late reading mystery stories whenever he wanted.

In fact, reading mystery stories was one of the King's chief pleasures and if he had any complaint at all it was that he could not get enough detective stories. The little library off his bed room and the big library next to the throne room were stacked with such books. Still the King was always looking for more because, of course, it is no good reading a mystery story a second time when you already know who killed the cook and who stole the duchess' tiara and who blew up the midnight express from Chungking.

"Really I must have something new," said the King one morning after two sleepless nights when he had had no new mysteries with which to read himself to sleep.

"But, your Majesty," said the Minister of Science. "You have already read every mystery in the realm." The Minister sniffed a little as he said this because he felt the King should read scientific tracts or even science fiction that would improve his mind.

"Isn't there anything new being written?" asked the King plaintively.

"By your order," said the Minister distastefully. "Every author in the land is at work on a new mystery. Nevertheless it will be after Christmas before the first one is finished."

"Christmas!" exclaimed the King, turning to his secretary. "That reminds me, what preparations have we made for Christmas this year?"

The secretary took a small note book from his pocket and began to read:

"One hundred and fifty foot Christmas tree to be installed in the Public Square.

"Eight hundred and twenty two children invited to the Christmas party."

"One thousand pound cake and one half ton of chocolate and peppermint ice cream and five miles of ribbon candy to be provided."

"Eight hundred and twenty two red stockings to be hung on the fireplace for the eight hundred and twenty two children plus," said the secretary, glancing sideways at the Minister of Science, "One large size stocking for your Majesty."

"Very good!" said the King, pleased. Then he leaped up. "My goodness! We haven't sent my letter!"

"What letter is that?" asked the Minister of Science who made it his business to keep up with the royal correspondence on affairs of state.

"My letter to Santa Claus," explained the King. "Sit down," he ordered his secretary. "We'll do it right away."

The Minister of Science, who

Ohio GOP Is Warned Of Tough Drive Ahead

COLUMBUS, Ohio (AP) — "Do not be deluded by local wins in 1961 — we are going to have to turn every wheel to carry Ohio in 1962," Ohio Republican Chairman Ray C. Bliss warned his party Friday. The occasion was the first meeting of the GOP State Central and Executive Committee this year, a briefing on developments since the 1960 election when Republicans carried Ohio.

clearly was one of those people who thought Ferdinand simple-minded, left in a huff while the secretary drew out pen and paper to take the King's dictation.

"Dear Santa," began the King. "I am very much in need of some good detective stories and, if it would not be too much trouble, this is what I would like for—"

At this point there was an enormous crash. The whole palace shuddered. The King was flung from his chair and all the detective stories on the shelves were hurled to the floor.

A moment later, the palace watchman burst into the room crying, "Your Majesty! The sky has fallen in!"

Another Revere Teapot

BOSTON (AP) — Nobody knows what happened to Paul Revere's teapot — the one he was holding when artist John Singleton Copley painted his portrait.

But the Boston Museum of Fine Arts now has acquired a teapot closely resembling it made by the silversmith-patriot long ago. It was bequeathed to the museum by a Massachusetts woman whose family owned the teapot nearly two centuries.

Museum director Perry Rathbone said this teapot "is not the teapot in the portrait," because its cover ornamentation is slightly different, but "it is closer to it than has ever come to light to date." The museum possesses the largest existing collection of Revere silver.

Steel Demand Pickup Seen

Mills Expect Upturn To Be 'Substantial'

CLEVELAND (AP) — Steel producers anticipate a business pickup in December and a "substantial upturn" in demand early in 1962, Steel magazine said today.

The publication said a 5 to 10 per cent gain in steel production and shipments this month could place this year's output around 98 million ingot tons. Last year's output was 99.3 million tons.

Steel said operations should pick up because demand from automakers, appliance firms and other consumers is on the upswing, and steelmakers plan to increase stocks of semifinished material in anticipation of a sharp buying upturn early in 1962.

The magazine forecast an upward trend in ingot production with an estimated output this week of 2,040,000 tons, slightly higher than last week's. November production was about 8.7 million tons, 5 per cent less than October's.

In Youngstown, the steelmaking rate the past week held fairly steady at about 59 per cent of 1960 capacity. Youngstown Sheet & Tube Co. added an open hearth at its Campbell works but closed another for repairs.

Timken Roller Bearing Co.'s Steel & Tube Division now is operating an 85-ton electric furnace at its Canton works. It had been shut down since last March.

Steel's composite price on No. 1 heavy melting grade scrap last week rose 67 cents a ton to \$33.67, reflecting higher bids on factory bundles, the publication said.

Good Try

WINONA, Minn. (AP) — Three days before the Minnesota deer season opened, a yearling buck leaped a nine-foot fence to gain the safety of a city park enclosure where tame deer are kept.

No soap, though. Game wardens dosed the buck with tranquilizers and turned him back to the wilds.

How Weather Looks Today

COLUMBUS, Ohio (AP) — Official Weather Bureau summary of Ohio's weather outlook:

Abnormally warm weather dominated Ohio this morning with temperatures at sunrise well above normal maximum readings for this season.

Skies were mostly cloudy as southerly winds brought warm, moist air into the state. Early morning temperatures were as mild as 58 at Chesapeake. Columbus and Toledo had 56 and Cincinnati 57.

Warm, windy weather is forecast today with a chance of a few light showers.

A cold front will move eastward through the state tonight or early Tuesday, and temperatures will drop sharply. Showers will probably accompany the cold front through the state, but skies will be clearing by Tuesday.

OHIO FIVE DAY FORECASTS

NORTHERN OHIO — Temperatures will average four to six degrees above normal. Normal high 38-40, normal low 23 - 28. Cooler Tuesday and Wednesday, little daily change thereafter. Precipitation will average one-fourth to one-half of an inch in showers tonight and early Tuesday and again later part of the week.

SOUTHERN & CENTRAL OHIO — Temperatures will average five to ten degrees above normal. Normal high 41, normal low 26. Colder Tuesday, slow moderation thereafter. Rain mainly near the weekend.

Judge To Be Honored

YOUNGSTOWN, Ohio (AP) — A testimonial dinner honoring U. S. District Court Judge Frank J. Battisti Dec. 16 will feature Secretary of the Interior Stewart Udall as speaker.

Fallout Refuge Signs Readied by Pentagon

WASHINGTON (AP) — Structures offering refuge from fallout will be tagged next year with yellow and black signs.

The design of the sign was announced by the Defense Department here at the start of a nationwide program to provide shelter for an estimated 50 million persons from radioactive fallout in the event of a nuclear attack.

The Pentagon's civil defense chief, Assistant Secretary of Defense Stuart L. Pittman, said that individuals who can should go ahead and build their own shelters.

"I think that people who have back yards and basements and have the means to do it should go ahead and build minimum shield-

ing," he said. The shelter symbol is a black circle on a yellow rectangular background. Inside the circle are three yellow triangles pointing

downward. Below the symbol, "Fallout Shelter" will be printed in yellow with yellow arrows pointing toward the shelter's location.

"CHEAP DRUGS" COST MOST

Less effective medicines may cost less than the potent new ones prescribed by your Doctor . . . but you probably will need more of them to get well. New drugs usually do the job the first time, costing less in total. Bring your Doctor's prescription to us for precise compounding, without delay. Uniformly fair prices.

co-op'er-ate: 1. To act or operate jointly with another or others.

2. To join in economic cooperation.

What old Daniel Webster had to say about the verb "cooperate", is essentially true of a rural electric cooperative. It is a group of people acting jointly with others, in an economic cooperation—specifically in the supply of electric power.

What distinguishes a rural electric cooperative from an investor-owned company, is the simple fact that in a cooperative, the customers own the business. They elect their own officers and vote on policy-making decisions. Thus, in effect, they are able to establish the rates they pay to the utility that serves them.

An investor-owned company must seek approval of rate changes, territorial expansion, etc., through a commission established by the state government. In Ohio it is the Public Utilities Commission that rules on such changes. Members of a cooperative do not need this protection, since they constitute their own government.

How well this has worked to the consumer's benefit, is shown in any comparison of rate structures. Not only do cooperatives enjoy a rate structure comparable to that of investor-owned companies, but the margins over operating costs are returned to the members in the form of partial ownership.

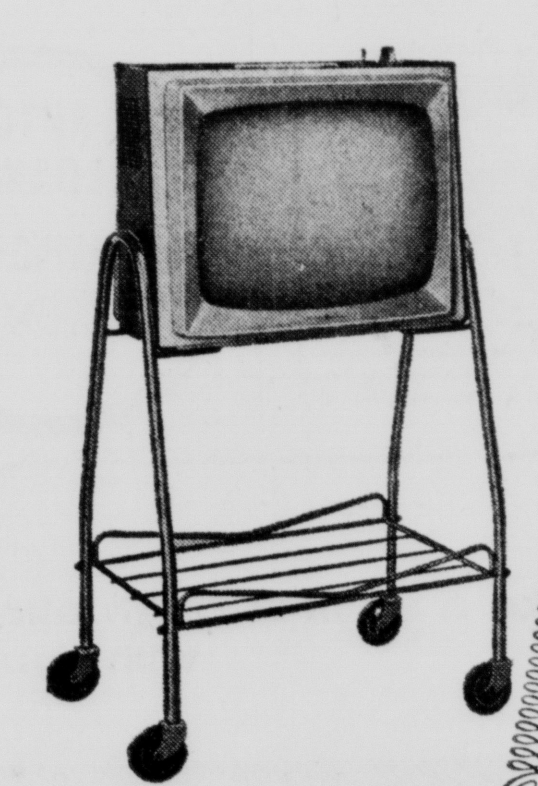

Since 1936, when South-Central first began supplying the electric power to its customers, its rates have steadily declined. Last year, the elected officials of South-Central Rural Electric Cooperative, Inc., acting in behalf of its members, voted a 6 1/2% decrease in rates.

Need we mention that this could happen only in America? Free enterprise, wherein the individual has a vote in his own future, is a distinctly American characteristic. South-Central is proud to be a part of the rural electric cooperative group that exemplifies this American spirit.

Grandma Goes For Glamour; She's Up to Date On Beauty

PERFUME PLEASES Grandma, for femininity knows no age. She enjoys using Oriental perfume and matching cologne.

By JOAN O'SULLIVAN
We know what's happened to the old rocking chair — it's in the White House, and just as well, for Grandma's given it up to the younger set.
She has no time for rocking. That lady is rolling a long with a whole new way of life that makes olden days golden days for this senior citizen.
Chalk it up to retirement plan-

ning, to increased leisure and to the happy fact that Grandma no longer need look her age.
She brought up Daughter, now Daughter's brought her up to date on the facts of beauty: To wit: cosmetics offer the best substitute for the Fountain of Youth.
Daughter opens the door to beauty — but once Grandma finds her way, she needs no encouragement. She's glad to use a key marked "glamor".

With time on her hands, she's up on the latest, knows the best creams and lotions for keeping skin dewy, uses oil to make her bath a real beauty treatment.
She likes using make-up, delicate colors, discreetly applied.

She's a real fragrance fan. The perfume and dusting powder on her dressing table aren't just for show. She dips into them daily.

Can't get her on the phone — No need to worry. She's off on a special whirl or, even more likely, is headed for the salon for a silver-rinse shampoo and set.

Grandma's a doll and nobody knows it better than her family. "Isn't Mother a wonder!" they say. "At her age, she's simply a marvel!"

Well, why not? You're only as old as you feel and glamour makes Grandma a girl at heart.

St. Philip's Parents' Assn. To Hold Meet

The Parents' Association of St. Philip's Church Pre-School will meet at 7:30 p. m. tomorrow in the school rooms. The movie "Frustrating Fours and Fascinating Fives" will be shown by Mrs. Robert Litter, director of the school.

Lonely Pelican Gets Himself Yankee Bride

MYCONOS ISLAND, Greece (AP)—Peter the pelican, Myconos' lonely pet, has taken a bride. Two American immigrants—male Alphonse and female Omega—were brought here to give Peter companionship. The islanders imported two birds because they were not sure of Peter's sex.

Now they know Peter immediately took a shine to Omega. Alphonse and Omega arrived Friday night. Boat whistles tooted, church bells rang and the people of Myconos blinked the lights in their homes.

Guitarists strummed from a launch that pulled alongside the steamer bringing the pelican from Louisiana for their rendezvous with Peter.

As the two immigrants were carried onto the dock, wedding invitations were passed out by officials of a Houston, Tex., mining company with operations here.

The company had passed the word about Peter's lonely life. Gov. Jimmie Davis of Louisiana sent Alphonse and Omega to Athens by jet as a gift, leaving it to Peter to indicate whether he wanted a wife or a husband.

As a mock wedding was about to start, Peter waltzed around Alphonse and Omega, preening his feathers. Alphonse paid no attention, but Omega obviously loved it. So she and Peter were wed. Church bells rang, the islanders danced and the wine flowed freely in toasts to a happy future for all three pelicans.

Cincy Court Clerk Squabble Is Unsolved

CINCINNATI (AP) — Republican Robert D. Jennis was sworn in Friday as clerk of courts in Hamilton County, but he hasn't started work.

For one thing, he has to post bond up to \$40,000. The county commissioners were not available Friday to set and authorize the bond amount. Under Ohio statutes a clerk of courts must post bond because he handles money.

For another thing, the Democratic-controlled county commission has their own nominee for the job, Ben Hayes, who says he'll take the matter to the courts.

The man doing the job was William Luke Leonard, clerk pro tem under appointment by Common Pleas Court. He was deputy under the former clerk, Republican Elmer Hunsicker, who died Nov. 5.

The dispute centers on a new state law which allows the party central committee to name the successors to some officeholders of their affiliation who die before their terms expire.

The GOP group acted Thursday. The old law gave the right of appointment to the county commission.

Dear Abby...

By Abigail VanBuren

What's To Explain?

DEAR ABBY: What is this world coming to I was shocked when my daughter's girl friend told me that last summer their priest put on bathing trunks and went swimming with the church choir! Also that he removes his collar and wears sports clothes on fishing trips, outings and picnics. Whether Roman Catholic, Episcopalian or any faith, are they permitted to do such things? Please comment, Abby. And perhaps the clergy would like to explain themselves.

MRS. SHOCKED: DEAR MRS. SHOCKED: You have a "short" in your thinking. I don't know of any diocese or religious order that requires priests to wear clerical clothes at all places, under all circumstances. Such decisions are left to the discretion of the priest. I have never heard of any objections to a priest wearing a sport shirt while on a picnic, an outing or fishing. And you certainly can't expect him to go for a swim in his collar!

DEAR ABBY: My husband died in mid-summer. Would it be in poor taste to send Christmas cards or send gifts this year?

WIDOW: DEAR WIDOW: Certainly not. Those in mourning should not withhold their good wishes to others.

DEAR ABBY: Am I wrong to tell my 14-year-old freshman

daughter that she does NOT have to accept a date with the first boy who asks her? She insists that if she refuses the first boy, she cannot accept a date for that night at all!

On several occasions she has accepted a date with the first boy who asked her, and has been sorry because an hour later a boy she wanted to go with asked her. There were times when she turned down a date because she didn't care for the boy, and when a boy she really liked asked her, she turned him down, too, because she had already refused the first one. Please straighten this out. She won't listen to me.

MRS. B.: DEAR MRS. B.: A girl need NOT stay home if she rejects the first boy who asks her out. Boys choose the dates they want, and girls have the privilege of accepting or declining. However, if a girl ACCEPTS a date with a boy (a drip or a dream) she must either go with him or stay home.

CONFIDENTIAL TO WORRIED SICK: PLEASE, PLEASE, PLEASE tell your parents. You are both under age for marriage, but when you are really in trouble, you will find that your parents are your best friends.

Everybody's got a problem. What's yours? For a personal reply, send a self-addressed, stamped envelope to Abby, in care of this paper.

Britain, Soviet Send Plea to Laos Princes

LONDON (AP)—Britain and the Soviet Union have joined in urging the three princes disputing control of Laos to insure strict observance of their cease-fire agreement.

The British-Soviet message apparently arose from concern here and in Moscow about the worsening military and political situation in divided Laos.

The message was signed by British Foreign Secretary Lord Home and Soviet Foreign Minister Andrei A. Gromyko. Britain and the U.S.S.R. were cochairmen of the 1954 Geneva conference which split what was formerly French Indochina into the independent states of North and South Viet Nam, Cambodia and Laos.

John M. Addis, British ambassador in Laos, delivered the message to top representatives of the main political forces in the country—pro-Western right-wing leader Prince Boun Oum, Communist Pathet Lao chief Prince Souphavong, and neutralist Prince Souvanna Phouma.

The World Today

WASHINGTON (AP)—President Kennedy hardly had the words out of his mouth—about wanting to see free elections in Cuba—when Fidel Castro made it plain there won't be any.

Kennedy, in his interview with Izvestia, the Soviet government newspaper, said last week the United States would accept a Communist government anywhere if it was approved by the people of a country in free balloting.

The American dispute with Cuba, Kennedy said, is that Castro has not permitted "free and honest election," and until he does his government cannot claim to represent a majority of his people.

Castro, who took over Cuba almost three years ago, and still has not allowed elections, said over the weekend he was leading his country into communism and would create a single political party with restricted membership.

This means he will pick the membership. The Cubans, like the people in Russia and the satellites, will have to mark yes or no on the candidates chosen for them.

Thus, any prospects of better relations with Cuba become even more remote, particularly since Kennedy said: "What we find to be objectionable, and a threat to the peace, is when a system is imposed by a small militant group by subversion, infiltration, and all the rest."

Kennedy's statement that this government was willing to recognize another government—in this case a Communist government—chosen by its people in free elections is not a new principle in American history.

But there is a certain contradiction in the yardstick he uses for finding a system objectionable when it is imposed by a "small militant group."

That's exactly—through a militant group—how Castro took over

Cuba. It's also exactly how the Bolsheviks took over Russia. This country recognizes and deals with Russia but not with Cuba.

But communism is closer in Cuba than in Russia. And besides, Cuba is trying to stir up revolutions in this country's closest neighbors in Latin America.

This demonstrates the dilemma of American presidents when, faced by different and shifting situations, they first try to consider what they think are American interests.

Nathan Schachner, in his biography of Thomas Jefferson, who was George Washington's secretary of state and became the third president, said: "For all his philosophical and personal preconceptions, Jefferson followed in his handling of foreign relations a strictly American attitude."

"The test to him, as to Washington, was the advantage and benefit of the United States."

The most famous recent forerunner of Kennedy's principle—American willingness to recognize governments freely chosen—was in the Roosevelt-Churchill Atlantic Charter.

The third of their eight prin-

ciples said they "respect the right of all peoples to choose the form of government under which they will live." That was 20 years ago.

Thirty years ago Secretary of State Henry L. Stimson, under President Hoover, seemed to take a different view when he said American recognition did not depend so much upon a country's constitutional legitimacy as its "capacity to fulfill its obligations as a member of the family of nations."

Almost 50 years ago President Wilson, like Kennedy and Roosevelt emphasized the importance of "just government" when based upon the consent of the governed.

Norse Say Khrush OKs Role in NATO

OSLO, Norway (AP)—"The Soviet Union has accepted that there is a basis for building good neighborly relations with Norway, in spite of our membership in NATO," Foreign Minister Halvard Lange said Saturday.

"They don't like it, but they seemed to accept it."

Lange was answering questions at a news conference upon returning from a 12-day visit to the Soviet Union where he had talks with Premier Khrushchev, First Deputy Premier Anastas I. Mikoyan and Foreign Minister Andrei A. Gromyko.

Lange said he had used the opportunity to dispute Soviet accusations in communications with Finland that Norway was cooperating with West Germany in preparing a war.

"The result of my talks with Gromyko and Mikoyan was that the accusations were not repeated at all by Khrushchev," he said.

Lange said the Izvestia interview with President Kennedy dropped during his conversation with Khrushchev.

"I said I was pleased to see the interview printed in full, and that I hoped this would become the usual thing," Lange said.

"We'll think about it," Khrushchev replied.

NEW HAWK COACH—The St. Louis Hawks of the National Basketball Association have a new coach, Andrew (Fuzzy) Levane (above), named to succeed Paul Seymour, who was fired. Levane served as coach of the team once before.

Tariff, Silver Issues Back As Major Economic Issues

NEW YORK (AP)—Two ancient economic issues, silver and the tariff, have popped back into full-blooded life in the U.S.

Action and contemplated action by President Kennedy thrust them into the forefront of business news.

The President ordered the Treasury to stop selling government-owned silver.

And he was reported preparing to ask Congress for authority to negotiate tariff cuts up to 50 per cent on whole categories of products.

Government sales of silver not needed for currency backing have held the price of silver at 91.5 cents an ounce by law since 1946. The effect of the presidential order was to create an open market for silver. In New York, a dealer immediately quoted a price just above \$1 an ounce. In London, the price moved above 98 cents an ounce, the highest in 20 years.

Stocks of silver producers spurred on the exchanges.

Industrial consumers of silver adopted an attitude of wait-and-see how the market pans out. It seemed likely that buyers of jewelry and silverware eventually would be paying higher prices.

Western silver producers generally were pleased by the President's action.

But some producers expressed reservation about repeal of the silver purchase laws which have held the silver price at 91.5 cents.

The tariff proposal is expected to be submitted to Congress in January and is considered likely to run into considerable opposition.

Under the anticipated program, the President could slash tariffs in half in a single year. The existing Reciprocal Trade Act permits reductions of five per cent annually for four years.

The President's intention, it was said unofficially, would be to keep the door open for American exports to Europe and to ease trade throughout the free world at the price of admitting more imports to the United States.

Kennedy said at his news conference that he wants authority to negotiate with the European Common Market. His desire, he said, is to protect American industry and to open the Common Market for trade with this country. But he emphasized that there is no intention that the United States join the ECM.

Volume of trading on the New York Stock Exchange was

22,283,470 shares during the week compared with 17,596,308 the week before. Bond sales totaled \$33,590,000 against \$28,381,000 the previous week.

Meanwhile, the Christmas buy-

ing season got off to a rollicking start. Reports indicated that shoppers were out in droves and buying more heavily than at this stage last year.

Secretary of Commerce Luther H. Hodges, pointing to broad business improvement and record personal income, predicted that retail sales in December will be four or five per cent above the \$17.9 billion rung up last December.

The Labor Department reported that prices paid by consumers

edged to a new high in October. Its cost of living index rose to 128.4 per cent of the 1947-49 average from 128.3 per cent in September.

Much of the advance was attributed to higher prices charged by dealers for 1962 model automobiles.

However, the higher prices failed to discourage car buyers. New car sales for the middle 10 days of November, averaging 23,093 a day, were the highest ever for the period.

Passenger car production dur-

ing the week, estimated at 164,000, was the highest in nearly two years. Output for November was estimated at 650,000, best monthly record since March 1960.

Steel production slipped to the lowest level in two months during the week, when 2,032,000 tons were turned out, compared with 2,037,000 the previous week.

Industry leaders predicted a sharp increase in December and January from the present rate of about 70 per cent of capacity.

Norse Say Khrush OKs Role in NATO

OSLO, Norway (AP)—"The Soviet Union has accepted that there is a basis for building good neighborly relations with Norway, in spite of our membership in NATO," Foreign Minister Halvard Lange said Saturday.

"They don't like it, but they seemed to accept it."

Lange was answering questions at a news conference upon returning from a 12-day visit to the Soviet Union where he had talks with Premier Khrushchev, First Deputy Premier Anastas I. Mikoyan and Foreign Minister Andrei A. Gromyko.

Lange said he had used the opportunity to dispute Soviet accusations in communications with Finland that Norway was cooperating with West Germany in preparing a war.

"The result of my talks with Gromyko and Mikoyan was that the accusations were not repeated at all by Khrushchev," he said.

Lange said the Izvestia interview with President Kennedy dropped during his conversation with Khrushchev.

"I said I was pleased to see the interview printed in full, and that I hoped this would become the usual thing," Lange said.

"We'll think about it," Khrushchev replied."

Tariff, Silver Issues Back As Major Economic Issues

NEW YORK (AP)—Two ancient economic issues, silver and the tariff, have popped back into full-blooded life in the U.S.

Action and contemplated action by President Kennedy thrust them into the forefront of business news.

The President ordered the Treasury to stop selling government-owned silver.

And he was reported preparing to ask Congress for authority to negotiate tariff cuts up to 50 per cent on whole categories of products.

Government sales of silver not needed for currency backing have held the price of silver at 91.5 cents an ounce by law since 1946.

The effect of the presidential order was to create an open market for silver. In New York, a dealer immediately quoted a price just above \$1 an ounce. In London, the price moved above 98 cents an ounce, the highest in 20 years.

Stocks of silver producers spurted on the exchanges.

Industrial consumers of silver adopted an attitude of wait-and-see how the market pans out. It seemed likely that buyers of jewelry and silverware eventually would be paying higher prices.

Western silver producers generally were pleased by the President's action.

But some producers expressed reservation about repeal of the silver purchase laws which have held the silver price at 91.5 cents.

The tariff proposal is expected to be submitted to Congress in January and is considered likely to run into considerable opposition.

Under the anticipated program, the President could slash tariffs in half in a single year. The existing Reciprocal Trade Act permits reductions of five per cent annually for four years.

The President's intention, it was said unofficially, would be to keep the door open for American exports to Europe and to ease trade throughout the free world at the price of admitting more imports to the United States.

Kennedy said at his news conference that he wants authority to negotiate with the European Common Market. TAKE ONE GIANT STEP — While Lancaster players Ed Daniels (45) and Mike Conrad (13) look as if they are engaged in some weird ballet step, Circleville's George Trego (extreme left) hauls in a rebound in action Saturday night in the CHS gym. At right is the Tiger's Sam Weller (30). The Golden Gales won, 68-60 and Daniels and Conrad, with 37 points between them, were two of the major reasons why

Towering Lancaster Team Trips Tiger Cagers, 68-60

By RON COFFMAN

Lancaster, with four of its five starters ranging above the six foot mark, had to hustle every minute to turn back a shorter but determined Circleville High School squad 68-60 Saturday night in the Tigers' home basketball opener.

Coach J. F. Plinke's Golden Gales, rated as one of the toughest opponents on this season's Red and Black schedule, led all the way but never by what could be called a comfortable margin. The Gales managed to accumulate a 15-point, 45-30, advantage midway through the third quarter, but this was whittled to nine counters by the period's end.

After building an early 9-1 lead, Lancaster set the pace by five to 16 points most of the remainder of the contest, never commanding a sure margin but always just out of reach for coach Jack Weikert's battling Bengals. The Gales showed their greatest effectiveness at the foul line, dropping in 18 of 21 charity tosses for a phenomenal 86 per cent.

Circleville, which recorded its second loss without a win, was out-gunned both from the field and foul stripe by the towering Fairfield Cougars. The Tigers connected on 14 of 23 foul attempts for 60.8 per cent while notching 23 of 70 field goal tries for 34 per cent. Lancaster put through 25 of 60 field goal hoists for 41 per cent.

MIKE CONRAD, a senior six-footer at guard, showed the way for the winners by dropping in 22 counters on nine field goals and four foul shots. He was bolstered by 6' 2" Ed Daniels, who produced 15 tallies via five each from field and foul line.

Heading up Circleville's cause was pivot Sam Weller, who blistered the nets for 23 points in keeping the Tigers in contention with short deadly jump shots throughout the game.

Weller's effectiveness as a rebounder and tip-in artist was credited by Weikert with much of the Tigers' ability to stay close to their powerful guests. Garold Dade was just short of spectacular on his blazing long jumpers as he accounted for 17 Tiger tallies with eight field goals and a foul success.

Dade, a stocky, swift, 5' 8" guard, delighted the partisan crowd with his deft ball han-

dling and cannon-like shots straight to the hoop. Fred Moore, scrappy defensive stalwart, was the only other CHS player in double figures. The junior guard turned in 11 markers with three field goals and five free throws.

After Lancaster had built a 9-1 lead halfway through the opening stanza on a series of short shots by Conrad and Dave Neeley, the Red and Black began to roll, with Moore deadlocking the tilt at 10-10 on a quick layup with 2:30 remaining in the quarter. Conrad counted two long jump shots in rapid succession to hoist the Gales back to a 17-12 advantage going into the second period.

The second quarter and most of the third had spectators clinging to the edge of their seats as one of the most fiercely contested game on the CHS floor unfolded in a series of blasting long-range passes and intricate, split-second thrusts under the basket.

CONRAD AND Daniels paired off to dominate most of the Golden Gales scoring through the second canto while Weller carried much of the load for the Tigers. Both teams maintained the playing pace at fever pitch, with bullet jabs at short range being the order of the moment. Turnovers were frequent but fouls stayed at a minimum in a frenzied exchange of quick-running maneuvers.

Lancaster went to the dressing room at the half holding a 32-26 lead.

The visitors used a shifting full-court press through the early part of the third quarter to spike Circleville's scoring guns and advance to a 45-30 advantage. A streaking jump basket by Dade from 25 feet out got the Tigers back on the tally trail and by the end of the eight-minute stanza the press had been outflanked to cut the Gales lead to 49-40.

Dade got off another long jump with 7:50 to go in the game to keep Circleville within a nine-point striking range, 51-42. The tilt's tempo reverted to double time again, as the two teams raced each other and the clock with Lancaster clinging to a 10-point safety margin.

The aggressive Gales' defense began to take its toll with about three minutes remaining as both Neeley and Gary Whitcraft fouled out. Three more baskets and a

foul shot by Dade were not enough, though, and Circleville's victory chances faded.

The Bengals blasted in 20 points in the final quarter, but even a last-ditch press failed to make up the difference.

COACH WEIKERT evidenced a "well satisfied" attitude toward his squad's showing after the bout. "We were facing some extremely

Laurelville '5' Takes 1st Win

Laurelville's basketball team, behind a 24-point scoring spree by Max Young, broke its two-game losing streak to chalk up its first win of the cage season, 60-55, on its home court Saturday night against Southeastern of Ross County.

In sending Southeastern down to its sixth straight defeat of a winless campaign, the LHS outfit popped in 23 of 69 field goal attempts and 14 of 26 from the foul line. Southeastern, trailing most of the tilt, hit 22 of 61 shots from the floor and 73 per cent — 11 of 15 — at the charity marker.

Lett, with 20 tallies on nine field goals and a pair of free throws, dominated Southeastern's scoring, with Mitten tossing in 17 on seven field successes and three foul shots. Laurelville led 16-13 after the first period and 44-37 going into the final quarter. The score was deadlocked, 29-29, at the half.

Johnston backed up Young's performance with 17 counters on seven field goals. In the reserve test Southeastern came off the victor by a 44-34 score.

Co-Champ Tiger Gridders Set For Booster Club Honor Fete

Tickets for the Circleville Booster Club's football banquet tomorrow night at the First EUB Church Service Center will be available at the door, President Charles Hart announced today. The dinner portion of the fete starts at 6:30 p. m.

The ducats also may be obtained from officers and directors of the Booster Club. The sports organization has hopes about 300 persons will be in attendance to honor the SCOL co-champion Tiger gridders.

Guest speaker for the honor event will be Doyt Perry, highly successful football coach of Bowl-

ing Green State University. Also on the agenda will be the presentation of the Booster Club's Most Outstanding Player trophy and the Hall-Adkins American Legion Post trophy to an additional outstanding griddier.

Additional trophies will be presented by the Stooze Club to players who were named to the All-South Central Ohio League team. These awards will go to Pat Rooney, Vern Reichmanis, Garold Dade and Keith Thomerson.

Each member of the varsity squad will receive miniature gold footballs. Special belt buckles will be awarded to the gridders who led in the various statistics departments.

Coach Perry, an assistant to Woody Hayes at Ohio State before taking over the Bowling Green helm, has the best coaching record in the nation among mentors with five or more years of duty. His seven year total is 53-7-4 for a phenomenal .859 mark.

Perry, leading the Falcons to an 8-1 record this season and the Mid-American Conference championship, has earned many grid honors and distinctions. He has been twice selected Ohio Coach-of-the-Year (1956 and 1959).

ELSEA, an outstanding griddier under Coaches Steve Brudzinski and Tom Bennett at Circleville, now has made 43 of 48 extra point attempts in two years with the Falcons. He is the son of Mr. and Mrs. Robert S. Elsea, N. Court St.

The CHS gridiron product has passed an old career record of total BG extra points held by Chuck Perry — 41 in three years. Next year he should also surpass Perry's attempted mark of 53.

Elsea's field goal this season gives him 46 points in two years. He also was a varsity center throughout most of the Falcon grid campaign.

In case you have forgotten, it was Tracy Stallard of the Boston Red Sox who allowed Roger Maris his 61st home run in 1961.

TAKE ONE GIANT STEP — While Lancaster players Ed Daniels (45) and Mike Conrad (13) look as if they are engaged in some weird ballet step, Circleville's George Trego (extreme left) hauls in a rebound in action Saturday night in the CHS gym. At right is the Tiger's Sam Weller (30). The Golden Gales won, 68-60 and Daniels and Conrad, with 37 points between them, were two of the major reasons why

Towering Lancaster Team Trips Tiger Cagers, 68-60

By RON COFFMAN

Lancaster, with four of its five starters ranging above the six foot mark, had to hustle every minute to turn back a shorter but determined Circleville High School squad 68-60 Saturday night in the Tigers' home basketball opener.

Coach J. F. Plinke's Golden Gales, rated as one of the toughest opponents on this season's Red and Black schedule, led all the way but never by what could be called a comfortable margin. The Gales managed to accumulate a 15-point, 45-30, advantage midway through the third quarter, but this was whittled to nine counters by the period's end.

After building an early 9-1 lead, Lancaster set the pace by five to 10 points most of the remainder of the contest, never commanding a sure margin but always just out of reach for coach Jack Weikert's battling Bengals. The Gales showed their greatest effectiveness at the foul line, dropping in 18 of 21 charity tosses for a phenomenal 86 per cent.

Circleville, which recorded its second loss without a win, was outgunned both from the field and foul stripe by the towering Fairfield Couintans. The Tigers connected on 14 of 23 foul attempts for 60.8 per cent while notching 23 of 70 field goal tries for 34 per cent. Lancaster put through 25 of 60 field goal hoists for 41 per cent.

MIKE CONRAD, a senior six-footer at guard, showed the way for the winners by dropping in 22 counters on nine field goals and four foul shots. He was bolstered by 6' 2" Ed Daniels, who produced 15 tallies via five each from field and foul line.

Heading up Circleville's cause was pivot Sam Weller, who blistered the nets for 23 points in keeping the Tigers in contention with short deadly jump shots throughout the game.

Weller's effectiveness as a rebounder and tip-in artist was credited by Weikert with much of the Tigers' ability to stay close to their powerful guests. Garold Dade was just short of spectacular on his blazing long jumpers as he accounted for 17 Tiger tallies with eight field goals and a foul success.

Dade, a stocky, swift, 5' 8" guard, delighted the partisan crowd with his deft ball han-

dling and cannon-like shots straight to the hoop. Fred Moore, scrappy defensive stalwart, was the only other CHS player in double figures. The junior guard turned in 11 markers with three field goals and five free throws.

After Lancaster had built a 9-1 lead halfway through the opening stanza on a series of short shots by Conrad and Dave Neeley, the Red and Black began to roll, with Moore deadlocking the tilt at 10-10 on a quick layup with 2:30 remaining in the quarter. Conrad counted two long jump shots in rapid succession to hoist the Gales back to a 17-12 advantage going into the second period.

The second quarter and most of the third had spectators clinging to the edge of their seats as one of the most fiercely contested cage contests played in several seasons on the CHS floor unfolded in a series of blasting long-range passes and intricate, split-second thrusts under the basket.

CONRAD and Daniels paired off to dominate most of the Golden Gales scoring through the second canto while Weller carried much of the load for the Tigers. Both teams maintained the playing pace at fever pitch, with bullet jabs at short range being the order of the moment. Turnovers were frequent but fouls stayed at a minimum in a frenzied exchange of quick-running maneuvers.

Lancaster went to the dressing room at the half holding a 32-26 lead.

The visitors used a shifting full-court press through the early part of the third quarter to spike Circleville's scoring guns and advance to a 45-30 advantage. A streaking jump basket by Dade from 25 feet out got the Tigers back on the tally trail and by the end of the eight-minute stanza the press had been outflanked to cut the Gales lead to 49-40.

Dade got off another long jump with 7:50 to go in the game to keep Circleville within a nine-point striking range, 51-42. The tilt's tempo reverted to double time again, as the two teams raced each other and the clock with Lancaster clinging to a 10-point safety margin.

The aggressive Gales' defense began to take its toll with about three minutes remaining as both Neeley and Gary Whitcraft fouled out. Three more baskets and a

foul shot by Dade were not enough, though, and Circleville's victory chances faded.

The Bengals blasted in 20 points in the final quarter, but even a last-ditch press failed to make up the difference.

COACH WEIKERT evidenced a "well satisfied" attitude toward his squad's showing after the bout. "We were facing some extremely

Laurelville '5' Takes 1st Win

Laurelville's basketball team, behind a 24-point scoring spree by Max Young, broke its two-game losing streak to chalk up its first win of the cage season, 60-55, on its home court Saturday night against Southeastern of Ross County.

In sending Southeastern down to its sixth straight defeat of a winless campaign, the LHS outfit popped in 23 of 69 field goal attempts and 14 of 26 from the foul line. Southeastern, trailing most of the tilt, hit 22 of 61 shots from the floor and 73 per cent — 11 of 15 — at the charity marker.

Lett, with 20 tallies on nine field goals and a pair of free throws, dominated Southeastern's scoring, with Mitten tossing in 17 on seven field successes and three foul shots. Laurelville led 16-13 after the first period and 44-37 going into the final quarter. The score was deadlocked, 29-29, at the half.

Johnston backed up Young's performance with 17 counters on seven field goals. In the reserve test Southeastern came off the victor by a 44-34 score.

Herb Clark, who rode Su Ka Wa to last place in the Garden State Stakes, is the first apprentice to ride in the rich race. The race has been run nine times.

thus far, 75-53, to Hillsboro.

In the preliminary, Circleville held Lancaster to just a single point in the first quarter and only six counters the entire first half in claiming a decisive 43-19 triumph. John Pharr led the Kittens with 18 markers on eight field goals and two foul tosses. High man for the losers was Darius, with a meagre five points.

Co-Champ Tiger Gridders Set For Booster Club Honor Fete

Tickets for the Circleville Booster Club's football banquet tomorrow night at the First EUB Church Service Center will be available at the door, President Charles Hart announced today. The dinner portion of the fete starts at 6:30 p. m.

The ducats also may be obtained from officers and directors of the Booster Club. The sports organization has hopes about 300 persons will be in attendance to honor the SCOL co-champion Tiger gridders.

Guest speaker for the honor event will be Doyt Perry, highly successful football coach of Bowl-

On the agenda will be the presentation of the Booster Club's Most Outstanding Player trophy and the Hall-Adkins American Legion Post trophy to an additional outstanding gridder.

Additional trophies will be presented by the Stooze Club to players who were named to the All-South Central Ohio League team. These awards will go to Pat Rooney, Vern Reichmanis, Garold Dade and Keith Thomerson.

Each member of the varsity squad will receive miniature gold footballs. Special belt buckles will be awarded to the grid-ders who led in the various statistics departments.

Coach Perry, an assistant to Woody Hayes at Ohio State before taking over the Bowling Green helm, has the best coaching record in the nation among mentors with five or more years of duty. His seven year total is 53-7-4 for a phenomenal .839 mark.

Perry, leading the Falcons to an 8-1 record this season and the Mid-American Conference championship, has earned many grid honors and distinctions. He has been twice selected Ohio Coach-of-the-Year (1956 and 1959).

ELSEA, an outstanding gridder under Coaches Steve Brudzinski and Tom Bennett at Circleville, now has made 43 of 48 extra point attempts in two years with the Falcons. He is the son of Mr. and Mrs. Robert S. Elsea, N. Court St.

The CHS gridiron product has passed an old career record of total BG extra points held by Chuck Perry — 41 in three years. Next year he should also surpass Perry's attempted mark of 53.

Elsea's field goal this season gives him 46 points in two years. He also was a varsity center throughout most of the Falcon grid campaign.

In case you have forgotten, it was Tracy Stallard of the Boston Red Sox who allowed Roger Maris his 61st home run in 1961.

ing Green State University. Also on the agenda will be Asa Elsea, placekicking specialist for BG and a former star Circleville gridder. Handling toastmaster duties for the evening will be Robert H. Huffer, county prosecutor and a director of the Booster Club.

A SPECIAL attraction will be the presentation of football souvenir glasses to each person attending the banquet, compliments of the Circleville Savings Bank. Inscribed on the glasses will be: Circleville High School, SCOL Co-Champs, 1961.

Alabama Leads Grid Parade To Bowl Tilts

Postseason Program To Begin Saturday With Gotham Contest

By THE ASSOCIATED PRESS
Alabama's Crimson Tide, unbeaten and untied in 10 regular season games, heads a list of 18 major college football teams that will participate in those always interesting postseason football games, beginning with Saturday's infant Gotham Bowl in New York.

Alabama, which buried Auburn 34-0 Saturday to wrap up its first perfect season in 16 years, will meet Southwest Conference co-champion Arkansas (8-12) in New Orleans' Sugar Bowl on New Year's Day.

The Tide, a bright and shiny product after four years of refurbishing by Coach Bear Bryant, was one of four schools to nail down bowl spots Saturday. Minnesota's Gophers (7-2) got the much-wanted Rose Bowl spot opposite Big Five champion UCLA (7-3).

Mississippi, after its 37-7 victory over Mississippi State, announced it would meet Texas in the Cotton Bowl. Both finished 9-1. Rice (7-3) won its crucial game against Gotham Bowl-bound Baylor, 26-14, and became Kansas' (6-3-1) opponent in the Dec. 16 Bluebonnet Bowl in Houston, Tex.

The only unfinished business is the naming of the year's No. 1 college team. Alabama is expected to get that honor hands-down in this week's final Associated Press poll.

The Gotham Bowl, which never got off the ground in 1950 and was a question mark until last Thursday, will pit unbeaten, but once-tied Utah State's Skyline Conference (9-0-1) co-champions against Baylor (5-5) Saturday at New York's Ford Stadium.

The following week, Miami (7-3), which ended its season with a 15-6 victory over Florida Saturday, journeys north to Philadelphia Stadium to meet Syracuse (7-3) in the third annual Liberty Bowl.

Penn State (7-3) plays Georgia Tech (7-3) in the Gator Bowl on Dec. 30. Tech also wound up the regular season on a happy note, beating Georgia 22-7 Saturday.

Villanova (8-2) meets Wichita (7-3) in the Sun Bowl in El Paso, Tex., also on Dec. 30.

Colorado (9-1) meets Louisiana State, co-southeastern conference champion with Alabama in the Orange Bowl. LSU finished with a 9-1 mark. Colorado beat Air Force 29-12 in its final game Saturday.

Pickerington

Cagers Chill

Darby, 54-38

Darby's Trojans, hot as a firecracker Friday in trouncing Scioto 75-54, performed like a team in a deep freeze 24 hours later, taking a 54-38 whipping at the hands of home team Pickerington Saturday.

In absorbing their fourth loss against three wins, the Trojans could connect on only 28 per cent of their field goal attempts, compared to a 44 per cent average from the floor in the Scioto tilt. In addition coach Ned Reichelderfer's charges were guilty of 20 turnovers.

Darby's Conley paced Darby's attack with 10 points on three field goals and four foul successes. Larry Vance and Charles Brown backed him up with nine apiece. Wolfe led the Pickerington barrage with 15 counters accumulated via six field goals a trio of free tosses.

The Trojans "just couldn't get started" their mentor lamented. At one point early in the first period Darby was down 12-2 and went into the second stanza trailing 14-4. The Trojans closed the gap to four markers but were behind 26-18 at the half. In the third quarter Pickerington built a 37-24 advantage.

In the reserve contest Dave Rowland's 15 points came in for maximum benefit as Darby tripped the home towners 43-42.

Celtics Romp Without Cousy

By THE ASSOCIATED PRESS
Even when they're without Bob Cousy, the Boston Celtics apparently have more than enough talent to handle their opposition in the National Basketball Association.

Cousy was out with an ankle injury Sunday night but the Celtics, staging their usual Eastern Division romp-away again, wound up with a 119-96 victory over the Cincinnati Royals and built their lead over second place Philadelphia to five games.

The Celts, led by Bill Russell and their usual balance in the league's only Sunday night game, made it a blitz. Sam Jones, playing more with Cousy out, added 18 points and Tom Heinsohn hit for 17. The victory was their 16th in 19 games.

Oscar Robertson led Cincinnati with 28.

Plains Edged

As McDonald

Hits 28 Points

Rolling along behind Gary McDonald's 28-point siege, Clarksburg edged the Plains (Mt. Sterling, 66-62 Saturday night on the winners home court.

McDonald provided the edge by working over the net for 11 field goals and a half dozen tosses from the charity stripe. Rhinehart supported the Clarksburg cause with 19 markers, 16 of them on eight field goals fired from under the basket.

Keith Junk showed the way for the Plains Blue Devils, stripping the cords for eight field goals worth 16 counters. Gary Jones added 15 on six shots from the floor and three free throws.

Clarksburg advanced to claim the victory after trailing 20-14 at the end of the first period. The teams were deadlocked, 32-32, at the half and the hosts held a 50-45 margin going into the final quarter.

The loss was Mt. Sterling's second against one win. In the preliminary Plains outdistanced Clarksburg by a convincing 50-39 score.

Alabama Leads Grid Parade To Bowl Tilts

Postseason Program
To Begin Saturday
With Gotham Contest

By THE ASSOCIATED PRESS

Alabama's Crimson Tide, unbeaten and untied in 10 regular season games, heads a list of 18 major college football teams that will participate in those always interesting postseason football games, beginning with Saturday's infant Gotham Bowl in New York. Alabama, which buried Auburn 34-0 Saturday to wrap up its first perfect season in 16 years, will meet Southwest Conference co-champion Arkansas (8-12) in New Orleans' Sugar Bowl on New Year's Day.

The Tide, a bright and shiny product after four years of refurbishing by Coach Bear Bryant, was one of four schools to nail down bowl spots Saturday. Minnesota's Gophers (7-2) got the much-wanted Rose Bowl spot opposite Big Five champion UCLA (7-3).

Mississippi, after its 37-7 victory over Mississippi State announced it would meet Texas in the Cotton Bowl. Both finished 9-1. Rice (7-3) won its crucial game against Gotham Bowl-bound Baylor, 26-14, and became Kansas' (6-3-1) opponent in the Dec. 16 Bluebonnet Bowl in Houston, Tex.

The only unfinished business is the naming of the year's No. 1 college team. Alabama is expected to get that honor hands-down in this week's final Associated Press poll.

The Gotham Bowl, which never got off the ground in 1960 and was a question mark until last Thursday, will pit unbeaten, but once-tied Utah State's Skyline Conference (9-0-1) co-champions against Baylor (5-5) Saturday at New York's Polo Grounds.

The following week, Miami (7-3), which ended its season with a 15-6 victory over Florida Saturday, journeys north to Philadelphia Stadium to meet Syracuse (7-3) in the third annual Liberty Bowl.

Penn State (7-3) plays Georgia Tech (7-3) in the Gator Bowl on Dec. 30. Tech also wound up the regular season on a happy note, beating Georgia 22-7 Saturday.

Villanova (8-2) meets Wichita (7-3) in the Sun Bowl in El Paso, Tex., also on Dec. 30.

Colorado (9-1) meets Louisiana State, co-southeastern conference champion with Alabama in the Orange Bowl. LSU finished with a 9-1 mark. Colorado beat Air Force 29-12 in its final game Saturday.

Pickerington Cagers Chill Darby, 54-38

Darby's Trojans, hot as a fire-cracker Friday in trouncing Scioto 75-54, performed like a team in a deep freeze 24 hours later, taking a 54-38 whipping at the hands of home team Pickerington Saturday.

In absorbing their fourth loss against three wins, the Trojans could connect on only 28 per cent of their field goal attempts, compared to a 44 per cent average from the floor in the Scioto tilt. In addition coach Ned Reichelderfer's charges were guilty of 20 turnovers.

Darvin Conley paced Darby's attack with 10 points on three field goals and four foul successes. Larry Vance and Charles Brown backed him up with nine apiece. Wolfe led the Pickerington barrage with 15 counters accumulated via six field goals a trio of free tosses.

The Trojans "just couldn't get started" their mentor lamented. At one point early in the first period Pickerington was down 12-2 and went into the second stanza trailing 14-4. The Trojans closed the gap to four markers but were behind 26-18 at the half. In the third quarter Pickerington built a 37-24 advantage.

In the reserve contest Dave Rowland's 15 points came in for maximum benefit as Darby tripped the home towners 43-42.

Celtics Romp Without Cousy

Even when they're without Bob Cousy, the Boston Celtics apparently have more than enough talent to handle their opposition in the National Basketball Association.

Cousy was out with an ankle injury Sunday night but the Celtics, staging their usual Eastern Division romp-away again, wound up with a 119-96 victory over the Cincinnati Royals and built their lead over second place Philadelphia to five games.

The Celtics, led by Bill Russell and their usual balance in the league's only Sunday night game, made it a blitz. Sam Jones, playing more with Cousy out, added 18 points and Tom Heinsohn hit for 17. The victory was their 16th in 19 games.

Oscar Robertson led Cincinnati with 28.

Plains Edged As McDonald Hits 28 Points

Rolling along behind Gary McDonald's 28-point siege, Clarksburg edged the Plains (Mt. Sterling, 66-62 Saturday night on the winners home court.

McDonald provided the edge by working over the net for 11 field goals and a half dozen tosses from the charity stripe. Rhinehart supported the Clarksburg cause with 19 markers, 16 of them on eight field goals fired from under the basket.

Keith Junk showed the way for the Plains Blue Devils, stripping the cords for eight field goals worth 16 counters. Gary Jones added 15 on xxi shots from the floor and three free throws. Clarksburg advanced to claim the victory after trailing 20-14 at the end of the first period. The teams were deadlocked, 32-32, at the half and the hosts held a 50-45 margin going into the final quarter.

The loss was Mt. Sterling's second against one win. In the preliminary Plains outdistanced Clarksburg by a convincing 50-39 score.

Kiwanis Paper Due Tonight; Auction Set

The Kiwanis Club Charity Newspaper will hit the streets of Circleville starting at about 7 p. m. today.

Ten teams of Kiwanis members will visit all sections of the city in the distribution effort. This canvass will follow a annual auction at the Courthouse Common Pleas Courtroom starting at 6:15 p. m.

Local residents are requested to turn their porch lights on to greet the paper distributors. All proceeds from sales will go to the many youth projects conducted by Kiwanis.

The first newspaper will go to the highest bidder at the courthouse auction. Last year's initial copy went to Robert H. Huffer, county prosecutor.

KIWANIAN Forrest Brown has devised a special award for this year's high bidder. It consists of a plaque denoting the highest bid.

Kiwanis President E. R. Bennett said the plaque may be placed in the courthouse lobby or may be displayed in the office or business location of the top bidder.

Assisting in the canvass tonight will be members of the Circleville High School Key Club and the Circleville Junior Chamber of Commerce.

Tuscarawas Jail Escapees 'Dangerous'

NEW PHILADELPHIA, Ohio (AP)—Sheriff Tony Young says two men who escaped from the Tuscarawas County jail after slugging a deputy may be armed and dangerous.

Deputy John Blake was alone on duty at the jail when the two escaped Sunday. Blake opened the jail gate to let a trustee out to perform morning chores.

He was hit on the head with a club, believed made from a broom handle. Ernest Blunt, 25, of near Strasburg, and Gilbert Blankenship, 32, of near Bolivar, dashed to freedom.

Blake was treated at Dover Union Hospital and was released.

Blunt was to be taken to Ohio Penitentiary Tuesday to start a 1-7 year sentence for cattle rustling. Blankenship was to have been taken to Giles County, Va., today. Deputies said he had escaped previously from a Virginia road camp, where he was serving time for breaking and entering and car theft.

However, Giles County authorities, who arrived Sunday night, said Blankenship was wanted on five charges of grand larceny.

Sheriff Attends State Meeting

Pickaway County Sheriff and Mrs. Walton W. Spangler are attending the 31st annual meeting of the Buckeye State Sheriff's Association at the Deshler Hilton Hotel, Columbus.

Sheriff Spangler and his wife will join approximately 225 members and associate members of the organization for the two-day session.

The meeting was scheduled to get under way at noon today with a luncheon. Sheriff Tom Fasula, Ashtabula County, was to deliver

the welcoming address.

Dr. Henry Luidens, of the Ohio Department of Mental Hygiene, was to address a women's noon luncheon today.

TUESDAYS session will feature talks by special agents in charge of the Cincinnati and Cleveland Federal Bureau of Investigation offices and the National Board of Underwriters.

An election of officers for the sheriff's organization is scheduled for tomorrow's activities.

Bronco Stock Soars Upward In 73-62 Win

Ashville's high-flying Broncos their basketball fortunes soaring like a winged horse under the skilled scoring leadership of Tom Rathburn, collected a third straight win without defeat Saturday, bouncing winless West Jefferson 73-62 in a Darby Valley League contest on the losers home court.

Rathburn showed the way with a booming 28 points on 11 field goals, shot in from all over the floor, plus a half dozen foul tosses. Backing him up was Jim Rathburn, who hit 14 markers, and Dan Hollenback and Sonny Roof with 12 counters apiece.

Gary Pelphrey paced West Jefferson with 17 points on seven field goals and a trio of charity shots. Steve Johnson dumped in 14 for the losers on five tallies from the floor and four free throws.

Ashville led all the way in sending the Jeffersonites to a third consecutive loss. The Broncos were ahead 13-11 after the first stanza and led 32-26 at the half. Going into the last period Ashville commanded a 60-47 bulge, biggest of the game.

In the reserve test, Dave Roese's 13-point performance helped the junior Broncos to a 51-25 trouncing of West Jeff.

Boy's Industrial School, with four players in double figures, handed Scioto its third defeat of a winless campaign Saturday night 85-57 in the Commercial Point gym.

Rally Sputters, Frankfort Nips Monroe, 66-60

Monroe came back — but not quite far enough — Saturday night as the Indians dropped a 66-60 home cage decision to Frankfort.

Coach Dick Everman's charges, down 16-7 at the close of the opening period, blasted along for a 24-point second quarter to lead 32-30 at halftime. Mickey Hunt and Jeff Bigam led the rally with eight markers each.

Bigam, who accounted for 12 points on five field goals and two free throws, was restricted in his efforts after the third quarter as he played with four fouls. The Frankfort crew moved back into the lead, 46-43 entering the final stanza and Monroe couldn't stay with their powerful visitors in the crucial final minutes.

Mickey Hunt led Monroe's scoring with 22 counters on eight successes from the field and six charity tosses. Storer poured through 25 tallies — 16 from the floor and nine on the foul line — to lead the winners. Pollard hit 16 and Liggins 14 for Frankfort.

The Indians have but one win to show for seven outings, while Frankfort holds a 2-1 ledger. The Ross Counties also swept the reserve match, 41-25.

Jamerson, a 6'4" package of shooting precision, led the winners with 24 points on 10 field goals and two charity tosses. The Bufaloes best effort was a pair of 12-point performances from Terry Melvin and Sam Abrams. Both players collected six field goals on jump shots.

Stripling and Toney hit 15 markers apiece for BIS while Lasley tallied 13 for the Lancaster-based club. BIS held a 23-10 lead after the first period and had advanced to a 38-25 margin by the half. In the third quarter the winners built up a 59-37 advantage. It was the fourth BIS win against no defeats.

Scioto gained a measure of consolation with a hard-fought 40-37 victory in the reserve contest.

Business Briefs

Dan Neason, Circleville district engineer for the General Telephone Co., has received an Employee Suggestion Award of a \$25 U. S. Savings Bond.

Neason's suggestion involved changes to be made in design and color of pole identification stakes. The new ones will be dipped in white to identify them from other utility and highway stakes.

Lettering on the white will be more visible from the road. The stakes will be triangular in shape, giving more area for information than the old ones.

Rally Sputters, Frankfort Nips Monroe, 66-60

Monroe came back — but not quite far enough — Saturday night as the Indians dropped a 66-60 home cage decision to Frankfort.

Coach Dick Everman's charges, down 16-7 at the close of the opening period, blasted along for a 24-point second quarter to lead 32-30 at halftime. Mickey Hunt and Jeff Bigam led the rally with eight markers each.

Bigam, who accounted for 12 points on five field goals and two free throws, was restricted in his efforts after the third quarter as he played with four fouls. The Frankfort crew moved back into the lead, 46-43 entering the final stanza and Monroe couldn't stay with their powerful visitors in the crucial final minutes.

Mickey Hunt led Monroe's scoring with 22 counters on eight successes from the field and six charity tosses. Storer poured through 25 tallies — 16 from the floor and nine on the foul line — to lead the winners. Pollard hit 16 and Liggins 14 for Frankfort.

The Indians have but one win to show for seven outings, while Frankfort holds a 2-1 ledger. The Ross Countians also swept the reserve match, 41-25.

Kiwanis Paper Due Tonight; Auction Set

The Kiwanis Club Charity News-paper will hit the streets of Circleville starting at about 7 p. m. today.

Ten teams of Kiwanis members will visit all sections of the city in the distribution effort. This canvass will follow a annual auction at the Courthouse Common Pleas Courtroom starting at 6:15 p. m.

Local residents are requested to turn their porch lights on to greet the paper distributors. All proceeds from sales will go to the many youth projects conducted by Kiwanis.

The first newspaper will go to the highest bidder at the courthouse auction. Last year's initial copy went to Robert H. Huffer, county prosecutor.

KIWANIAN Forrest Brown has devised a special award for this year's high bidder. It consists of a plaque denoting the highest bid.

Kiwanis President E. R. Bennett said the plaque may be placed in the courthouse lobby or may be displayed in the office or business location of the top bidder.

Assisting in the canvass tonight will be members of the Circleville High School Key Club and the Circleville Junior Chamber of Commerce.

Tuscarawas Jail Escapees 'Dangerous'

NEW PHILADELPHIA, Ohio (AP)—Sheriff Tony Young says two men who escaped from the Tuscarawas County jail after slugging a deputy may be armed and dangerous.

Deputy John Blake was alone on duty at the jail when the two escaped Sunday. Blake opened the jail gate to let a trustee out to perform morning chores.

He was hit on the head with a club, believed made from a broom handle. Ernest Blunt, 25, of near Strasburg, and Gilbert Blankenship, 32, of near Bolivar, dashed to freedom.

Blake was treated at Dover Union Hospital and was released.

Blunt was to be taken to Ohio Penitentiary Tuesday to start a 1-7 year sentence for cattle rustling. Blankenship was to have been taken to Giles County, Va., today. Deputies said he had escaped previously from a Virginia road camp, where he was serving time for breaking and entering and car theft.

However, Giles County authorities, who arrived Sunday night, said Blankenship was wanted on five charges of grand larceny.

The state of Mato Grosso, Brazil, contains half a million square miles and the country's capital, Brasilia.

A popular Christmas gift item this year is a gift membership in the Columbus Automobile Club, according to officials of the organization.

With every new gift membership purchased, Columbus Automobile Club will give, free of charge, sterling silver bracelet antique car pendant of a 1904 model replica.

This year the club also has had demands for gift certificates which entitles recipients to driving lessons in the Auto Club sponsored driver school.

Warren Police Probe Death of Infant Girl

WARREN, Ohio (AP) — Police Chief Manley English was to confer with the city prosecutor today about possible charges against a man whose 13-month-old child died in St. Elizabeth Hospital, Youngstown.

The child, Levinda Davis, died Sunday of injuries received last week. Police said Davis told them at first that the child fell down stairs but later told of beating her with a belt. Davis was being held without charge in city jail.

Sheriff Attends State Meeting

Pickaway County Sheriff and Mrs. Walton W. Spangler are attending the 31st annual meeting of the Buckeye State Sheriff's Association at the Deshler Hilton Hotel, Columbus.

Sheriff Spangler and his wife will join approximately 225 members and associate members of the organization for the two-day session.

The meeting was scheduled to get under way at noon today with a luncheon. Sheriff Tom Fasula, Ashtabula County, was to deliver the welcoming address.

Dr. Henry Luidens, of the Ohio Department of Mental Hygiene, was to address a women's noon luncheon today.

TUESDAYS session will feature talks by special agents in charge of the Cincinnati and Cleveland Federal Bureau of Investigation offices and the National Board of Underwriters.

An election of officers for the sheriff's organization is scheduled for tomorrow's activities.
